QUESTIONS/ANSWERS:

Question 1: Will Collier County allow fuel storage tanks if secondary containment is provided?

Answer 1: This site is available to us as long as our operation satisfies the concerns of the surrounding neighbors. With that in mind, we do not want to give the appearance of a permanent facility. Paving of the site and storage tanks will be prohibited. Service trucks will be allowed with the understanding that they provide measures to prevent contamination of soils and to provide cleanup in the event of an accidental spill.
