Addendum #4

Date: April 5, 2019

From: Kristofer Lopez, Procurement Strategist

To: Interested Bidders

Subject: Addendum # 4 Solicitation #19-7580 SCRWTP Emergency Chlorine Scrubber

The following clarifications are issued as an addendum:

- 1. Pre-bid sheet has been uploaded

Questions:

- 2. Please consider the attached as Pure Air Filtration’s submittal to be a pre-approved equal for the SCRWTP Emergency Chlorine Scrubber project. The attached submittal is from a similar project that Pure Air Filtration, DeNora and Purafil were named and was awarded to Pure Air Filtration.

Response: Based on our review of the submittal which was provided, there are several items/parameters which are not compliant with our project specifications and therefore Pure Air Filtration will not be added as an approved equal.

Changes to the Drawings:

- 3. . Sheets D-101, D-401, and D-402 have been updated to include the replacement of the existing damper valve on the air suction piping leaving the chlorine building. Enclosed are the updated project drawings.

Changes to the Specifications:

- 4. . Section 15098 – Dampers has been added to the supplemental conditions. Enclosed is a copy of Section 15098.

If you require additional information, please post a question on our Bid Sync (www.bidsync.com) bidding platform under the solicitation for this project.

Please sign below and return a copy of this Addendum with your submittal for the above referenced solicitation.
