

Carica Pump and Pipe Improvements: Minimum Qualifications Requirement for Bidders

Qualifications of Bidder

The Bidder must provide evidence that he/she is a licensed certified general contractor or underground utility excavation contractor in the state of Florida. The contractor shall be licensed for a minimum of three (3) consecutive years under the same name as listed in the Bid Form.

PLEASE USE FORM 1 to identify license and/or certificate numbers and supplement with additional attachments for each license and/or certificate referenced or called out below.

A Bidder officially changing their name any time during the three (3) year period prior to the Bid submittal date should provide verifiable documentation of the name change and verifiable evidence of a minimum of three (3) consecutive years as State of Florida Licensed Contractor. Bidders not meeting this requirement may be deemed as being non-responsive and their bid rejected. The Bidder will be required to identify the Contractor's license number, expiration date and name of the primary qualifying agent of the Bidder. If the primary qualifying agent is not the owner, an officer, partner, a member, a joint venture managing partner, etc., the Bidder will be required to describe the relationship to the company and provide verifiable evidence of such relationship and/or license use agreement.

RECORD OF PERFORMANCE - SIMILAR PROJECTS

- A. List three contracts that included the installation of above and below ground utility piping of similar size (minimum 30-inches in diameter) and scope to this project within the past five years. For each project provide: name, phone number, and email address of Owner's representative; total contract value; a narrative of the project scope of work.
- B. List two contracts that include the installation of vertical turbine pumps and pump cans, with a minimum size of 100 HP within the past five years. For each project provide: name, phone number, and email address of Owner's representative; total contract value; and a narrative of the project scope of work.
- C. Of all the contracts awarded to the Contractor within the last five years, identify any which was the subject of a claim or lawsuit, by or against, the Contractor. Identify in your response, the nature of such claim or lawsuit, the court in which the case was filed, and the details of its resolution.
- D. Has your company ever failed to complete any work awarded to you? If so, for each project provide: an explanation of why work was not completed; name, phone number, and email address of Owner's representative; and total contract value.
- E. Within the last five years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a construction contract? (If so, attach a separate sheet of explanation).
- F. List all construction projects your company currently has in progress or has been recently awarded through the date of ITB submittal giving the name of project, owner, engineer, contract amount, percent complete, and scheduled completion date.

PLEASE USE FORM 5 to document record of performance and supplement with additional attachments for each reference as necessary.
