

## **CONTRACTOR'S QUALIFICATIONS**

The Contractor needs to demonstrate extensive experience in the below listed fields within the last eight (8) years. The reference projects submitted by the Contractor shall clearly demonstrate experience to meet the below listed qualifications:

1. Experience performing utility construction within a FDOT Right of Way including installation of horizontal directional drills. The contractor and / or drilling subcontractor(s) shall provide at least one (1) reference project within the last eight (8) years.
2. Experience installing large diameter (24" or larger) utility pipelines through residential and commercial areas. Provide at least two (2) reference projects within the last eight (8) years.
3. Experience installing at least two (2) miles of 24" or larger potable water pipeline as part of a single project. Provide at least two (2) reference projects within the last eight (8) years.
4. List any drilling subcontractor(s) planned for use during this project (no substitutions will be allowed). Contractor and / or drilling subcontractor(s) qualifications must demonstrate experience with horizontal directional drills of 24" pipe or larger as a single bore of 1,000 LF or longer. Provide at least two (2) reference projects within the last eight (8) years.
