

## SATURNIA LAKES WATER MAIN LOOPING

### INFORMATION TO BE INCLUDED IN “NOTICE TO BIDDERS”

North American Specialty Products (NASP) provided the Certa-Lok pipe for the Saturnia Project. The successful Bidder shall be required to:

1. Allow personnel from NASP, and its local Representative, access to the jobsite where the pipe is being assembled and installed.
2. Provide NASP, and its local Representative the scheduled pipe assembly and installation date, at least two weeks prior to the scheduled pipe assembly and installation date.
3. Allow jobsite access to invited guests of NASP, and its local Representative. NASP agrees not invite direct competitors of the contractor. All NASP invited guest will wear site appropriate personal safety gear.
4. Prior to beginning assembly of the Certa-Lok pipe, allow personnel from NASP, and its local Representative, to provide joint assembly instruction and tips.
