

St. Johns River

Water Management District

Ann B. Shortelle, Ph.D., Executive Director

525 Community College Parkway S.E. • Palm Bay, FL 32909 • 321-984-4940
On the internet at www.sjrwmd.com.

DATE: September 1, 2020
TO: Prospective Respondents
FROM: Amy Lucey, Contracts Administrator
SUBJECT: Addendum #6 to Invitation for Bids # 35891, S96D Rehabilitation

As a result of inquiries, the following clarifications/changes are provided for your information. Please make all appropriate changes to your bid documents. Note: changes are reflected with original language shown with strike-through and new language is underlined.

- Q1: Are both roller gates getting painted?
A1: There is one roller gate, the gate at S-96D, that needs to be rehabbed and painted
- Q2: Are both roller gates getting the same repairs?
A2: There is one roller gate, the gate at S-96D, that needs to be rehabbed and painted.
- Q3: Could the district please confirm which axle size is correct for the 96D structure? The shaft step down detail provided with the original as-built and the one shown on the additional as-built addendum show two different measurements.
A3: Refer to DWG NO. 13/2 of the as-builts included with Addendum #4. The 10-inch rollers are included in the gate overhaul. Overhaul of the 6-inch rollers may not be necessary because they may have been purposely removed during the last gate rehabilitation. Respondents can exclude overhaul of the 6-inch rollers from item 39. of the cost schedule. Supplemental work allowance will be applied to the cost of overhauling the 6-inch rollers, if necessary.

NOTE: The Bid Opening **remains** 2:00 p.m., **Tuesday, September 8, 2020**

Please acknowledge receipt of this Addendum on the **BID FORM** provided in the bid package.
