DRAINAGE EASEMENT

THIS INDENTURE, made between **River Watch Homeowner's Association, Inc., whose mailing address is 36434 US Hwy 19 N, Palm Harbor, FL 34684**, hereinafter referred to as the "Grantor," and PASCO COUNTY, a Political Subdivision of the State of Florida, whose address is 37918 Meridian Avenue, Dade City, Florida 33525, hereinafter referred to as "Grantee."

WITNESSETH, that Grantor for good and valuable consideration by Grantee, the receipt and sufficiency of which is hereby acknowledged, by these presents does remise, release and quit-claim unto the Grantee a nonexclusive perpetual easement for any drainage purpose, over, under and across the property described in Exhibit "A," attached hereto and incorporated herein (the Easement). Grantee shall be solely responsible for the installation, maintenance and any needed future replacements of the drainage structures within the Easement, and Grantor shall be primarily responsible for maintenance of the above-ground features within the Easement, subject to the exceptions contained herein. Any work performed by the Grantee shall be consistent with any and all applicable regulations and permits issued for the property, including those issued by the Southwest Florida Water Management District and/or the City of Tarpon Springs.

WITNESSETH, all trees found within the Easement shall be removed by the Grantee. The Grantee shall initially make, one time only, one tree available to the Grantor for each tree thus removed. Each tree thus provided shall be Florida #1 grade or better and be of a minimum of 1-1/2" diameter at breast height (DBH), minimum crown of 2 feet, minimum height of 6 feet and shall be provided on site, ready for planting at the conclusion of the construction. Tree replacement will be in compliance with City Ordinance 134.03, with final tree selection made by the Grantor from the City's approved tree list.

WITNESSETH, all areas within the Easement impacted by the construction and subsequent maintenance efforts of the Grantee shall be restored to like-new condition, including sodding and restoration of any irrigation appurtenances that may have been disturbed, by the Grantee. All work shall be done in a good and workman-like manner. Grantee responsibility includes any future erosion or other damage to the surrounding environment directly attributable to the drainage structures.

Grantor reserves the right and benefit to use the Easement for any purpose that does not interfere with or unreasonably burden Grantee's rights under this Easement. Grantor may not construct any permanent structures within the easement. Grantor may not plant any trees within the easement.

TO HAVE AND TO HOLD the same with all and singular the appurtenances thereunto belonging or in anywise appertaining to the granting of this easement in law or equity to the only proper use, benefit and behoof of Grantee, or its successors or assigns. This Easement and all of the conditions, obligations and covenants set forth herein are intended to be and shall be construed as covenants running with the land and binding upon and inuring to the benefit of Grantor and Grantee, and their respective heirs, successors and assigns.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed in his name.
