BID SBE GUIDELINES AND INFORMATION

The DISTRICT's Small Business Enterprise (SBE) Program is designed to help small businesses, including those owned by women and minorities, to participate in DISTRICT procurement and contract activities. The purpose of the program is to spur economic development and support small businesses, including women-owned and minority-owned businesses, to successfully expand in the marketplace. Certain pre-bid requirements are defined herein. Failure to comply with these requirements or to submit any of the information required herein shall result in a finding that the Bid is non-responsive and will result in rejection of the Bid.

1.1 *SBE Rule*

The DISTRICT has implemented Chapter 40E-7, Florida Administrative Code (F.A.C.) the "Small Business Enterprise Contracting Rule" ("SBE Rule"). The provisions of the SBE Rule shall apply to all competitive solicitations for commodities, construction, professional and other contractual services and any resulting contract documents including change orders, and amendments.

1.2 *Minimum Goal*

The DISTRICT has established a minimum SBE participation goal of 23% for this solicitation. The Bid shall either meet the established SBE goal or be deemed non-responsive. SBE Certified vendors that are available to meet the required percentage for this solicitation can be obtained by clicking on the Small Business Enterprise link on the District's website www.sfwmd.gov. The District has recommended the following primary commodity codes to fulfill this requirement. This includes but is not limited to: 910-51 Masonry and Concrete Repair, 910-53 Metal Work and 910-54 Painting (Building Maintenance).

1.3 *Submission of SBE Subcontractor Utilization Plan*

Any participation by firms not certified with the DISTRICT at the time of Bid submission will not count towards SBE goal attainment. Bidders are strongly encouraged to contact the DISTRICT at (561) 682- 6446 well in advance of the date set for receipt of Bids to allow sufficient time for review and determination of SBE eligibility and certification.

A. Bidders shall identify all SBE firms that will be used as subcontractors in this Procurement. Each SBE subcontractor and prime shall be listed in the SBE Subcontractor Utilization Plan (as defined below) and shall be submitted with the Bid. The listing of SBE's in the SBE Subcontractor Utilization Plan attached with each Bid shall constitute the Bidder's representation to the DISTRICT that the SBE firms are technically and financially qualified and available to perform the assigned work. Failure to provide complete and accurate information shall result in the Bid being deemed non-responsive.

The SBE Subcontractor Utilization Plan shall consist of the following documentation which must be attached to the Bid:

1. The *Statement of Intent to Perform as a Small Business Enterprise Subcontractor* form (form 0957), which confirms (1) the intent of the prime to establish a business relationship with each SBE subcontractor; and (2) the SBE participation percent. **One form must be completed and signed by each proposed SBE subcontractor.** The form Bidders must use to fulfill this requirement is attached to this solicitation.
2. The *Small Business Enterprise Subcontractor Participation Schedule* form (form 0956), which identifies all SBE firms which will be utilized as subcontractors, delineates the specific elements of work each SBE firm will be responsible for performing, and identifies the dollar value of the SBE work as a percentage of the total contract value. The form Bidders must use to fulfill this requirement is attached to this solicitation.

B. Any bidder failing to meet the established goal shall be deemed non-responsive. If an SBE Prime intends to subcontract work to another SBE subcontractor, the SBE Prime must submit the aforementioned forms at the time of submitting its bid or be deemed non-responsive. If the SBE Prime intends to perform 100% of the work, (is not subcontracting any portion of the work to another subcontractor) the SBE Prime does not have to submit the aforementioned forms. If more subcontractors are utilized than space allows on the *Small Business Enterprise Subcontractor Participation Schedule* form, a photocopy of the page continuing the list will be acceptable.

1.4 *Sheltered Market (if applicable – see RFB Cover Page)*

Pursuant to the DISTRICT's SBE Rule, the DISTRICT may provide for Sheltered Markets. Sheltered Markets allow for only SBE firms to bid on designated solicitations. In order to designate a sheltered market the District must identify at least 3 SBEs available to perform work within the industry identified in the solicitation.

1.5 *SBE Compliance and Substitution*

The contractual provisions that will apply in the event of a contract award are delineated in Article 19 of the *General Terms & Conditions* attached to this solicitation.

A. Compliance. The DISTRICT shall monitor performance and compliance with the provisions of the SBE Rule. During the term of any subsequent contract, the CONTRACTOR shall comply with the Small Business Enterprise Utilization Plan made in its bid. Compliance for use of SBE's shall include tasks and proportionate dollar amounts throughout the term of the contract, including amendments and change orders. After CONTRACT execution, the CONTRACTOR shall maintain the level of SBE utilization as established in the CONTRACT's SBE Utilization Plan. Failure to comply with the SBE requirements of this CONTRACT will be considered a material breach pursuant to DISTRICT Rule 40E-7, Florida Administrative Code.

B. SBE Substitution or Addition. The CONTRACTOR must notify the DISTRICT's SBE staff when the need to add or replace an SBE subcontractor occurs. The CONTRACTOR must submit to the DISTRICT's SBE Staff the following:

15.01 Bids may be modified or withdrawn by an appropriate document duly executed (in the manner that a Bid must be executed) and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids. 15.02 If within 24 hours after Bids are opened, any Bidder files a duly signed written notice with DISTRICT, and within 48 hours thereafter demonstrates to the reasonable satisfaction of the DISTRICT that: a) there has been a material and substantial mistake in the preparation of the Bid; b) the mistake is of such great consequence that to enforce the Contract would be unconscionable; and c) the mistake occurred notwithstanding the exercise of reasonable care in the preparation of the Bid; the Bidder may withdraw its Bid, and the Bid Security will be returned provided that the DISTRICT is not seriously prejudiced, except for the loss of its bargain. Bidder shall not be allowed to correct a Bid with a material and substantial mistake. 16.04 Once Bids are opened, they become the property of the DISTRICT and will not be returned. Upon receipt, responses become "public records" and shall be subject to public disclosure consistent with Chapter 119, Florida Statutes. If respondents wish to claim an exemption to disclosure, they shall provide in the response to the solicitation the specific statutory authority for the claimed exemption, identifying the data or other materials to be protected and stating the reasons why such exclusion from public disclosure is necessary. However, if a request is made of the District, pursuant to Chapter 119, Florida Statute, for public disclosure of proprietary property of the Respondent, the District shall advise the Respondent of such request and it shall be the Respondent's sole burden and responsibility to immediately seek and obtain such injunctive or other relief from the Courts and to immediately serve notice of the same upon the party requesting the public records.

Bids will be made available for public inspection at the time the District posts notice of its decision or intended decision concerning contract awards, or thirty (30) days after the response opening, whichever is earlier. In the event the District rejects all bids in accordance with Article 18 of the Instructions to Bidders and concurrently notices its intent to reissue the solicitation, responses will be made available after the District posts notice of its decision or intended decision concerning awards for the reissued solicitation, or when the District withdraws the reissued solicitation.

ARTICLE 17 - NOTICE OF INTENDED AWARD

Tentative Bid tabulations will be posted for review by interested parties at the Procurement Bureau offices within two (2) business days of the Bid opening. Interested parties may visit the DISTRICT website (www.SFWMD.gov/Procurement) for Bid results, or visit the DISTRICT for information as to the intended award. If a Bidder intends to protest the District's intent to award, the notice of protest must be filed in writing within 72 hours after the posting of the bid tabulation or after receipt of the notice of the District's decision or intended decision and shall file a formal written protest within 10 days after filing the notice of protest. Notices of Intent to Protest and Formal Written Protests along with bond or other security must be timely filed with the Clerk of the South Florida Water Management District at 3301 Gun Club Road, West Palm Beach, FL 33406. Filings will be accepted between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday which are the normal hours of operation. ARTICLE 18 - REVIEW ACCEPTANCE AND/OR REJECTION OF BIDS

18.01 Pursuant to Rule 40E-7.301, Florida Administrative Code, the DISTRICT reserves the right to reject any and all Bids when (i) such rejection is in the interest of the DISTRICT; (ii) such Bid is void per se; or (iii) the Bid contains any irregularities, PROVIDED, however, that the DISTRICT reserves the right to waive any minor irregularities and to accept the lowest responsible and responsive Bid as determined by the DISTRICT.

18.02 The DISTRICT reserves the right to request a written confirmation of the Bid and the responsibility of the Bidder prior to the awarding of the Contract. Failure of the Bidder to confirm the Bid within seven (7) business days from the date of the DISTRICT's request may render the Bid nonresponsive and will entitle the DISTRICT to award to the next apparent lowest responsive and responsible Bidder and may require forfeiture of the Bid security.

18.03 Discrepancies between the indicated sum of any column of figures and the correct sum thereof shall be resolved in favor of the LOWEST sum. Discrepancies in the extension of the unit price times the estimated quantity for any line item shall be resolved in favor of the correct extension.

18.04 The apparent low Bidder shall submit, upon request of DISTRICT, documentation evidencing its capability to perform classes of work contemplated, and the necessary plant and sufficient capital to execute the work properly within the time specified. This information must be received by DISTRICT within seven (7) business days of Bidder receiving written request.

18.05 In addition to the DISTRICT's Small Business Enterprise (SBE) submittal requirements described in the RFB, the DISTRICT must receive from the apparent low bidder, within seven (7) business days after receipt of Apparent Low Bidder Letter, the name and qualifications of the **Superintendent, Project Manager, Quality Control Manager, Safety Manager** and a list of all **Subcontractors** and other persons and organizations, including those who are to furnish the principal items of material and equipment. The DISTRICT shall consider the qualifications and experience of the **Superintendent, Project Manager, Quality Control Manager, Safety Manager**, Subcontractors and other persons and organizations (including those who are to furnish the principal items of material or equipment). Operating costs, maintenance considerations, performance data and guarantees of materials and equipment may also be considered by DISTRICT. If the DISTRICT has reasonable objection to any proposed Superintendent, Project Manager, Quality Control Manager, Subcontractor, other person or organization, the DISTRICT may request the apparent low bidder to substitute the Superintendent, **Project Manager, Quality Control Manager, Safety Manager** or subcontractor before CONTRACT execution, and request that the apparent low bidder submit an acceptable substitute without an increase in Bid price. If the apparent low bidder declines to make any such substitution, the contract may not be awarded to such Bidder at the DISTRICT's sole discretion. DISTRICT does not waive any right it may have against the Contractor because of the actions or omissions of said Superintendent, Project Manager, Quality Control Manager, Subcontractor, or other person or organization.

18.06 DISTRICT shall conduct such investigations and require supplemental information as it deems necessary to assist in the evaluation of any Bid and to establish the responsibility and financial ability of the Bidder, including proposed Subcontractors, proposed equipment and material suppliers, and other persons and organizations to do the Work in accordance with the Contract Documents to DISTRICT's satisfaction within the Contract Times.

ARTICLE 19 - CONTRACT

19.01 This Request for Bids does not constitute a Contract with the Bidder. An official Contract does not exist until the Contract has been executed by both parties. The award of the Contract shall be made to the lowest responsive and responsible Bidder, unless the DISTRICT rejects all Bids.

19.02 The Bidder to whom the award is made shall, within seven (7) business days after receipt of Notice of Apparent Low Bidder Letter, provide the required bonds and insurance to the DISTRICT. The Bidder to whom the award is made shall, within seven (7) business days after receipt of the Contract document, provide the executed Contract to the DISTRICT.

19.03 If the Bidder fails to provide the bonds and insurance or execute the Contract within the seven (7) business day period, the District in its sole discretion may annul the award and the bidder may forfeit the Bid Security to the DISTRICT. Bidder shall be liable to the DISTRICT for all damages resulting therefrom including reasonable attorneys' fees and costs, and attorneys' fees and cost on appeal. The Bid Security forfeited shall not be a

limitation thereon. Award may then be made to the next lowest, responsible, and responsive Bidder or the work may be re-advertised at the DISTRICT's sole discretion.

19.04 Award of this Contract is subject to further DISTRICT approval. All awards are subject to the approval of the DISTRICT's Governing Board or Executive Office. In the event a firm is not awarded the CONTRACT, the DISTRICT shall not be responsible for any costs related to bidding or securing award, including, but not limited to, bid preparation, bond and insurance costs.

19.05 The Respondent understands that this solicitation or the response shall not constitute a contract with the District. No contract is binding or official until responses are reviewed and accepted by appointed District staff, approved by the appropriate level of authority within the District, and an official contract is duly executed by the parties. A sample contract is attached to this solicitation. The District requires that the final official contract will be in full conformance with the sample contract. Nevertheless, Respondents are advised that the District may make minor deviations to the sample contract. **The District will not consider any changes to contract terms and conditions. Any deviations from the sample contract will result in the Respondent being deemed non-responsive.**

ARTICLE 20 - SUBSTITUTE MATERIAL AND EQUIPMENT

The Contract, if awarded, will be on the basis of material and equipment described in the Drawings or specified in the Specifications without consideration of possible substitute or "or-equal" items. Whenever it is indicated in the Drawings or specified in the Specifications that a substitute or "or-equal" item of material or equipment may be furnished or used by CONTRACTOR if acceptable to DISTRICT application for such acceptance will not be considered by DISTRICT until after the Effective Date of the CONTRACT.

ARTICLE 21 - EQUAL OPPORTUNITY

The DISTRICT recognizes fair and open competition as a basic tenet of public procurement. Contractors doing business with the DISTRICT are prohibited from discriminating on the basis of race, color, creed, national origin, handicap, age or sex.

ARTICLE 22 - SPECIAL REQUIREMENTS

There may be special requirements pertaining to Warranty, Guarantee, Bonds, Insurance, Maintenance and the Correction Period, which are described in the Contract Documents. Bidders should review all of the Contract Documents to determine whether there are special requirements, and if applicable, reflect in their Bids all costs associated therewith.

ARTICLE 23 - LOBBYING

Respondents or its agents may only contact the Contract Specialist identified on the cover page of this Solicitation regarding any issues arising out of this Solicitation, including but not limited to the selection process, negotiation, and award. The Respondent or its agents must not contact any other District

employee, board member, or agent. This provision applies from the release of the Solicitation through the end of the 72-hour period following the District posting of the notice of intended award. If a Respondent or its agent violate this provision the District may reject their response.

SECTION 553.60, FLORIDA STATUTE

NOTICE TO BIDDERS:

In order to comply with the Trench Safety Act, the Contractor is required to either specify the costs of compliance or certify that the project scope and / or his construction means and methods will not require trenching as defined by OSHA.

- **Bidders must fill out EITHER PART A or PART B of this form, BUT NOT BOTH, sign the form where indicated, and then submit the form with the bid.**

PART A: Specify Costs of Compliance with the Trench Safety Act

These costs **are not a separate pay item.** The Contractor must also reference the Trench Safety Standards which will be in effect during construction, and assure in writing that the Contractor will comply with the applicable Trench Safety Standards.

_____	_____	_____	_____	_____

PART B: Certification that the Trench Safety Act does not apply.

By placing a check mark in the box to the left I certify that this project either does not include trenching, or that my intended construction means and methods will not require trenching, as defined by OSHA.

From 29 CFR 1926.650 Subpart P, the definition of "Trenching" or "Trench excavation" means a narrow excavation (in relation to its length) made below the surface of the ground. In general, the depth is greater than the width, but the width of a trench (measured at the bottom) is not greater than 15 feet (4.6 m). If forms or other structures are installed or constructed in an excavation so as to reduce the dimension measured from the forms or structure to the side of the excavation to 15 feet (4.6 m) or less (measured at the bottom of the excavation), the excavation is also considered to be a trench.

2.01 Delivery of Performance and Payment Bonds: CONTRACTOR shall deliver to DISTRICT such Bonds as CONTRACTOR is required to furnish within seven (7) business days of the date of Notice of Apparent Low Bidder from the DISTRICT.

A. Bid/Quote Price: Bids/Quote price received will be valid for one hundred twenty (120) days after the opening date of the solicitation.

2.02 Copies of Documents: CONTRACTOR will be responsible for preparing additional copies at its own expense.

2.03 Commencement of CONTRACT Time; Notice to Proceed: The period of performance of this CONTRACT shall commence upon the effective date of the Notice to Proceed and continue for a period as indicated on the cover/signature page of this CONTRACT, including punchlist work (Contract Time). The CONTRACTOR shall not

proceed with work under this CONTRACT until a Notice to Proceed is received from the DISTRICT.

2.04 *Starting the Work*: CONTRACTOR shall start to perform the Work on the effective date indicated in the Notice to Proceed. No Work shall be done at the Site prior to that date unless approved, in writing, by the DISTRICT. Contractor shall coordinate directly with the District Construction Manager on all engagements with the media, stakeholders, elected officials, and the public regarding the Work Contractor is doing for the District. At no time should Contractors or subcontractors invite guests to District Site without written authorization by the District.

2.05 *Before Starting Construction*

- A. *CONTRACTOR's Review of CONTRACT Documents*: Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the CONTRACT Documents and check and verify pertinent figures therein and all applicable field measurements. CONTRACTOR shall immediately report, in writing, to DISTRICT any conflict, error, ambiguity, or discrepancy which CONTRACTOR or any of its Subcontractors or Suppliers may discover and shall obtain a written interpretation or clarification from DISTRICT before proceeding with any Work affected thereby.
- B. *Preliminary Schedules*: Following CONTRACT execution and prior to Notice to Proceed CONTRACTOR shall submit to DISTRICT for its timely review:
1. An Initial Cost-Loaded Construction Baseline Schedule and Schedule Narrative Report in accordance with the CONTRACT documents.
 2. A preliminary schedule of Shop Drawing and Sample submittals which will list each required submittal and the times for submitting it in keeping with the GENERAL REQUIREMENTS; and
 3. A tentative procurement schedule of equipment and materials.
- C. *Evidence of Insurance*: The CONTRACTOR shall purchase and maintain insurance coverage reflecting, at a minimum, the amounts and conditions as specified within the DISTRICT's Insurance Requirements Checklist, as further detailed in Article 1. The CONTRACTOR shall provide the certificate within seven (7) business days of the date of the Notice of Apparent Low Bidder.

The CONTRACTOR shall have thirty (30) business days after CONTRACT execution, to produce the required Insurance Declaration Page of Policy, additional insured endorsement forms, blanket additional insurance endorsement forms (if applicable) and a waiver of subrogation endorsement set forth in the General Terms & Conditions, and the Insurance Requirements Checklist included herein.

D. The CONTRACTOR is obligated to use the DISTRICT's construction management software system, eBuilder®, to generate the required documents, including but not limited to: Notices to Proceed, Applications for Payment, Field Orders, Work Change Directives, Change Orders and Change Requests, Submittals,

GENERAL TERMS & CONDITIONS

Contractor's Daily Reports, Non-Compliance Notices, Requests for Information, Substantial and Final Completion Certificates, and maintaining required records. The CONTRACTOR shall take the appropriate actions when prompted for each of the workflow processes in eBuilder. The CONTRACTOR's unwillingness to take the appropriate workflow actions will be considered a "material breach" as defined in Article 15.03 *Termination for Cause*.

2.06 *Preconstruction Conference*: A conference attended by CONTRACTOR, DISTRICT, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in paragraph 2.05.B, procedures for handling Shop Drawings and other submittals, processing Applications for Payment, and maintaining required records. CONTRACTOR shall attend such conference and shall require any or all of the subcontractors and suppliers, as the DISTRICT requests, to attend the conference.

2.07 *Initial Acceptance of Schedules*: Prior to the submission of the first Application for Payment by CONTRACTOR, the schedules submitted in accordance with paragraph 2.05.B must be reviewed by the DISTRICT and be corrected and/or revised by the CONTRACTOR if deemed necessary by the DISTRICT. No progress payment shall be made to CONTRACTOR until final schedules are submitted to DISTRICT.

1. The Cost-Loaded Construction Baseline schedule will be acceptable to DISTRICT if it is prepared by personnel having substantial experience in the use of the latest version of Oracle Primavera software. The work breakdown structure is consistent with the DISTRICT provided asset templates. It provides a reasonable allocation of the CONTRACT price to component parts of the Work and it provides an orderly progression of the Work to completion within any specified Milestones and the CONTRACT Times. Such acceptance will not impose on DISTRICT's responsibility for the progress schedule, for sequencing, scheduling, or progress of the Work nor interfere with or relieve CONTRACTOR from CONTRACTOR's full responsibility therefore. The Cost-Loaded schedule shall not be used as a basis of cost for change order work and does not relieve CONTRACTOR from CONTRACTOR's full responsibility therefore.
2. CONTRACTOR's schedule of Shop Drawing and Sample submittals will be acceptable to DISTRICT if it provides a workable arrangement for reviewing and processing the required submittals.
3. Price for mobilization and demobilization shall be distributed such that the mobilization and demobilization charges are equal. The demobilization shall be paid in the last Application for Payment.

A. *Statement of Work*

The CONTRACTOR shall furnish all equipment, tools, materials, labor and everything known and necessary and shall complete all required Work as specified in the CONTRACT Documents. The project for which the Work under the CONTRACT Documents may

00700-2-4

be the whole or only a part is generally described on the cover/signature page of this CONTRACT.

The CONTRACTOR shall, to the satisfaction of the DISTRICT, fully and timely perform all work items described in the Plans and Specifications attached hereto and made a part of this CONTRACT. In the event CONTRACTOR employees, subcontractors or hired workers are authorized to perform services on-site at DISTRICT facilities, the CONTRACTOR hereby agrees to be bound by all applicable DISTRICT policies and standards of conduct. It is the CONTRACTOR's responsibility to advise its employees, subcontractors or hired workers of the nature of the project, as described in the CONTRACT Documents. The CONTRACTOR shall determine the method, details and means of performing the services. The DISTRICT may provide additional guidance and instructions to CONTRACTOR's employees, subcontractors or hired workers where necessary or appropriate as determined by the DISTRICT.

B. Contract Time/Liquidated Damages

1. Unless extended or terminated, the period of performance of this CONTRACT shall commence upon the effective date of the Notice to Proceed and continue for a period as indicated on the cover/signature page of this CONTRACT, including punchlist work (Contract Time). The CONTRACTOR shall not proceed with work under this CONTRACT until a Notice to Proceed is received from the DISTRICT or unless approved in writing by the DISTRICT.
2. Time is of the essence for this CONTRACT. Therefore, if the CONTRACTOR fails, or refuses, to perform the work, or any separable part thereof, with such diligence as will insure the completion of the same, or fails, for any reason, to complete such work within the time limit specified, or any extension thereof granted, then the CONTRACTOR shall be liable to pay the DISTRICT not as a penalty, but as liquidated damages, the sum as indicated in on the cover/signature page of this CONTRACT, for each calendar day that the work remains incomplete after the expiration of the time limit specified or any extension thereof, plus any moneys which are paid by the DISTRICT to any other person, firm or corporation, for services rendered for the preservation or completion of the work.
3. Two-Tiered Liquidated Damages: the higher level of damages shall be assessed from the calculated Completion Date until such date as the CONTRACTOR attains Substantial Completion. Beyond the date of attainment of Substantial Completion, and until the CONTRACTOR attains FINAL COMPLETION, the lower level of Liquidated Damages shall be assessed. Total Liquidated Damages shall be assessed shall be the sum of the upper and lower levels of Liquidated Damages.
4. Single-Tiered Liquidated Damages: the Liquidated Damages assessed shall be calculated from the calculated Completion Date until such date as the CONTRACTOR attains FINAL COMPLETION.
5. Such moneys shall be chargeable to the CONTRACTOR and shall be deducted from any moneys due said CONTRACTOR, or if no money is due or the amount due is insufficient to cover the amount charged, then the CONTRACTOR and its Surety shall be liable for said amount.
6. The foregoing Liquidated Damages amounts are acknowledged

by the parties to be reasonable and justified in this case, given the difficulty of assessing actual damages as a result of delays to the Work on the Project. The parties understand that the foregoing amounts are NOT a penalty.

7. Payments may be reduced by any liquidated damages amounts properly assessed under the terms of the Contract Documents.

2.08 Background Checks: The CONTRACTOR shall conduct a thorough background check for all CONTRACTOR employees or hired workers who will be working on any DISTRICT site. Prior to CONTRACT execution, CONTRACTOR shall submit the attached "Contractor's Affidavit, Work Involving District Facilities Equipment or Software" to certify compliance with Article 2 .08. The background checks shall consist of education verification, a national criminal check for state and federal felonies and misdemeanors, and a check on immigration status in accordance with Article 6.02 B. After reviewing the results of the background check, the CONTRACTOR shall determine whether the CONTRACTOR employee and/or hired worker meets the necessary criteria for the position. Prior to allowing any employees or hired workers to work on-site at DISTRICT facilities, the CONTRACTOR must provide written certification to the DISTRICT that a complete background check, as described above, was conducted for any such employee or hired worker. The CONTRACTOR shall provide written recertification of the CONTRACTOR Affidavit every three months or until expiration of the contract. The CONTRACTOR shall advise the DISTRICT of any violation or potential violation of compliance of the Affidavit. The CONTRACTOR shall place the above language in any CONTRACT that it has with subcontractors and shall be responsible for its enforcement.

ARTICLE 3 - CONTRACT DOCUMENTS: INTENT, AMENDING, REUSE

3.01 Intent

- A. The CONTRACT Documents comprise the entire agreement between the DISTRICT and CONTRACTOR concerning the Work. The CONTRACT Documents are complementary; what is called for by one is as binding as if called for by all. The CONTRACT Documents will be governed by the laws of the State of Florida.
- B. It is the intent of the CONTRACT Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the CONTRACT Documents. Any labor, documentation, services, materials, or equipment that may reasonably be inferred from the CONTRACT Documents or from prevailing custom or trade usage as being required to produce the intended result will be provided whether or not specifically called for at no additional cost to DISTRICT.
- C. Clarifications and interpretations of the CONTRACT Documents shall be issued by DISTRICT as provided in Article 9.04.

3.02 Reference Standards

- A. *Standards, Specifications, Codes, Laws, and Regulations*

1. Reference to standards, specifications, manuals, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard, specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the CONTRACT if there were no Bids), except as may be otherwise specifically stated in the CONTRACT Documents.
2. No provision of any such standard, specification, manual or code, or any instruction of a Supplier shall be effective to change the duties or responsibilities of DISTRICT, CONTRACTOR, or DESIGN ENGINEER, or any of their subcontractors, consultants, agents, or employees from those set forth in the CONTRACT Documents, nor shall any such provision or instruction be effective to assign to DISTRICT, DESIGN ENGINEER, or any of DISTRICT's Consultants, agents, or employees any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the CONTRACT Documents.

B. Industry Standards

1. Applicability of Standards: Except where the CONTRACT Documents include more stringent requirements, applicable construction industry standards have the same force and effect as if bound or copied directly into the CONTRACT Documents. Such standards are made a part of the CONTRACT Documents by reference and are stated in each section.
 - a. Referenced standards, referenced directly in CONTRACT Documents or by governing regulations, have precedence over nonreferenced standards which are recognized in industry for applicability to the Work.
 - b. Where compliance with an industry standard is required, standard in effect shall be stated in Article 3.02.A.1.
 - c. Where an applicable code or standard has been revised and reissued after the date of the CONTRACT Documents and before performance of Work affected, the DISTRICT will decide upon the updated standard.
 - d. Where compliance with two or more standards is specified, and they establish different or conflicting requirements for minimum quantities or quality levels, the most stringent requirement will be enforced, unless the CONTRACT Documents indicate otherwise. Refer requirements that are different but apparently equal, and uncertainties as to which quality level is more stringent, to the DISTRICT for a decision before proceeding.
 - e. In every instance the quantity or quality level shown or specified shall be the minimum to be provided or performed. The actual installation may comply exactly, within specified tolerances, with the minimum quantity or quality specified, or it may exceed that minimum within reasonable limits. In complying with these requirements, indicated numeric values are minimum or maximum values, as noted, or appropriate for the context of the requirements. Refer instances of uncertainty to the Engineer for a decision before proceeding.
 - f. Each entity engaged in construction on the Project is required to be familiar with industry standards applicable to that entity's construction activity. Copies of applicable standards are not

bound with the CONTRACT Documents.

- 1) Where copies of standards are needed for performance of a required construction activity, the CONTRACTOR shall obtain copies directly from the publication source.
- 2) Abbreviation of Names: Trade association names and titles of general standards are frequently abbreviated. Where such acronyms or abbreviations are used in the Specifications or other CONTRACT Documents, they mean the recognized name of the trade association, standards generating organizing, authority having jurisdiction, or other entity applicable to the context of the text provision.

3.03 Reporting and Resolving Discrepancies

A. Reporting Discrepancies: If, during the performance of the Work, CONTRACTOR, or any of his Subcontractors or Suppliers, discovers any conflict, error, ambiguity, or discrepancy within the CONTRACT Documents or between the CONTRACT Documents and any provision of any Law or Regulation applicable to the performance of the Work or of any standard, specification, manual or code, or of any instruction of any Supplier, CONTRACTOR shall report it to DISTRICT in writing at once but in no event later than seventy-two (72) hours. CONTRACTOR shall not proceed with the Work affected thereby (except in an emergency as required by paragraph 6.16.) until obtaining a written clarification from the DISTRICT. After CONTRACTOR's discovery of such a conflict, error or discrepancy, or after the date when CONTRACTOR should have reasonably known thereof, until the interpretation or clarification is obtained from the DISTRICT, any Work done by CONTRACTOR which is directly or indirectly affected by same, will be at CONTRACTOR's own risk and CONTRACTOR shall bear all costs and delay arising therefrom.

B. Resolving Discrepancies

1. Except as may be otherwise specifically stated in the CONTRACT Documents, the provisions of the CONTRACT Documents shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between the provisions of the CONTRACT Documents and:
 - a) The provisions of any standard, specification, manual, code, or instruction (whether or not specifically incorporated by reference in the CONTRACT Documents); or
 - b) The provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the CONTRACT Documents would result in violation of such Law or Regulation).
2. In resolving such conflicts, errors or discrepancies, the CONTRACT Documents shall be given preference as specified in the CONTRACT.
3. In all cases where notes, specifications, sketches, diagrams, details or schedules in the Specifications or Drawings, or between the Specifications and Drawings, conflict, the higher cost requirements shall be furnished by CONTRACTOR unless otherwise directed by the DISTRICT.

3.04 Amending and Supplementing CONTRACT Documents

- A. The CONTRACT Documents may be amended to provide for additions, deletions, and revisions in the Work or to modify the terms and conditions thereof in one or more of the following ways: (i) a Written Amendment or (ii) a Change Order.
- B. The requirements of the CONTRACT Documents may be supplemented, and minor variations and deviations in the Work may be authorized, by one or more of the following ways: (i) a Field Order; (ii) DESIGN ENGINEER's approval of a Shop Drawing or Sample; or (iii) DISTRICT's written interpretation or clarification, which will not require adjustments on the CONTRACT Price or CONTRACT Times.

3.05 *Reuse of Documents*: CONTRACTOR and any Subcontractor or Supplier or other individual or entity performing or furnishing any of the Work under a direct or indirect CONTRACT with DISTRICT: (i) shall not have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof), including electronic media editions; and (ii) shall not reuse any of such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without prior written consent of DISTRICT. This prohibition will survive final payment, completion, and acceptance of the Work, or termination or completion of the CONTRACT. Nothing herein shall preclude CONTRACTOR from retaining copies of the CONTRACT Documents for record purposes. Please also refer to Article 24 – Records.

ARTICLE 4 - AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; REFERENCE POINTS

4.01 Availability of Lands

- A. *DISTRICT shall furnish the Site*:
 - 1. DISTRICT shall notify CONTRACTOR of any encumbrances or restrictions not of general application but specifically related to use of the Site with which CONTRACTOR must comply in performing the Work.
 - 2. DISTRICT will obtain in a timely manner and pay for easements for permanent structures or permanent changes in existing facilities. If CONTRACTOR and DISTRICT are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the CONTRACT Price or CONTRACT Times, or both, as a result of any delay in DISTRICT's furnishing the Site, CONTRACTOR may make a Claim therefore as provided in paragraph 16.02.
 - 3. In the event that the DISTRICT provides the CONTRACTOR with keys to access to any DISTRICT structures or Right-of-Ways through its key permitting system, a deposit shall apply. Because the cost to re-key DISTRICT structures is high, should the CONTRACTOR lose any keys provided by the DISTRICT, such loss shall not only result in the loss of the CONTRACTOR's deposit, but may also result in the assessment of progressively higher fines depending on how many keys may have been lost throughout the term of this CONTRACT or across multiple contracts between the CONTRACTOR and the

DISTRICT. The DISTRICT reserves the right to offset the amounts owed pursuant to this provision against payments due to the CONTRACTOR under this CONTRACT and/or against payments due under any other contracts or purchase orders between the DISTRICT and CONTRACTOR. Repeated loss of keys may also be used as a basis for deeming the CONTRACTOR as non-responsible in conjunction with bid or proposal submissions.

- 4. **In the event that the District provides the contractor with an identification badge to access any District office, structure or Right-of-Ways through its badge access system, contractor will use its best efforts to safeguard the identification badge throughout the period of performance of this contract/purchase order. Contractor shall be required to return the identification badge to the District's Security Office immediately upon completion of work or termination of its contract/purchase order with the District. Should the contractor lose the identification badge provided by the District, contractor shall immediately report the loss to the District. District will determine, at that time, if a replacement identification badge may be reissued. The Contractor will place the above language in any contract that it has with its subcontractor and is responsible for its enforcement. Repeated loss of identification badge or failure to return identification badge upon completion of work or termination of its contract/purchase order with the District, shall result in contractor breach of its contract/purchase order and/or may be used as a basis for deeming the contractor as non-responsible in conjunction with bid or proposal submissions. This paragraph shall survive the expiration or termination of this contract.**

- B. *Governmental Entity*: The DISTRICT is a governmental entity. Accordingly, the provisions of Chapter 713, Florida Statutes concerning construction liens, do not apply to lands owned by the DISTRICT.
- C. *Additional Lands*: CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

4.02 Subsurface and Physical Conditions

- B. *Reports and Drawings*: The Supplemental Conditions, identify, if any:
 - 1. Reports of explorations and tests of subsurface conditions at or contiguous to the Site that DESIGN ENGINEER has used in preparing the CONTRACT Documents; and
 - 2. Drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site (except Underground Facilities) that DESIGN ENGINEER has used in preparing the CONTRACT Documents.
- C. *Limited Reliance by CONTRACTOR on Technical Data Authorized*: Reports and drawings are not CONTRACT Documents. CONTRACTOR may not rely upon or make any

claim against DISTRICT, ENGINEER or any of ENGINEER's Consultants with respect to:

1. The completeness of such reports and drawings for CONTRACTOR's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by CONTRACTOR, and safety precautions and programs incident thereto; or
2. Other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or
3. Any CONTRACTOR interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions, or information.

4.03 Differing Subsurface or Physical Conditions

- A. CONTRACTOR shall promptly, but in no event later than ten (10) days after becoming aware thereof and before the conditions are disturbed, give a written notice to DISTRICT of (i) subsurface or latent physical conditions at the Site which differ materially from those indicated in the Contract Documents, or (ii) unknown physical conditions at the Site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in work of the character called for by the Contract Documents.

DISTRICT will investigate the Site conditions promptly after receiving the notice. If the conditions do materially so differ and cause an increase or decrease in the CONTRACTOR's cost of, or the time required for, performing any part of the Work, whether or not changed as a result of the conditions, an equitable adjustment shall be made under this clause and the Contract Price or Times modified in writing by Change Order in accordance with Article 10.

No request by CONTRACTOR for an equitable adjustment under this paragraph shall be allowed unless CONTRACTOR has given the written notice required;

The provisions of this paragraph are not intended to apply to a Hazardous Environmental Condition uncovered or revealed at the Site.

- B. *DISTRICT's Review:* After receipt of written notice as required by paragraph 4.03.A, DISTRICT will promptly review the pertinent condition, determine the necessity of obtaining additional exploration or tests with respect thereto, and advise CONTRACTOR in writing of findings and conclusions.
- C. *Possible Price and Times Adjustments*
1. The CONTRACT Price or the CONTRACT Times, or both, may be adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in CONTRACTOR's cost of, or time required for, performance of the Work; subject, however, to the following:
 - a. such condition must meet any one or more of the categories described in paragraph 4.03.A; and

- b. with respect to Work that is paid for on a Unit Price Basis, any adjustment in CONTRACT Price will be subject to the provisions of paragraphs 9.08 and 11.03, and
- c. In order to be entitled to an increase in time for performance of the Work, CONTRACTOR must establish that its critical path of construction performance has been adversely impacted. Upon such a showing, CONTRACTOR shall be entitled only to such an extension equivalent to such actual adverse impact in the critical path.

2. CONTRACTOR shall not be entitled to any adjustment in the CONTRACT Price or CONTRACT Times if:
 - a. CONTRACTOR knew of the existence of such conditions at the time CONTRACTOR made a final commitment to DISTRICT in respect of CONTRACT Price and CONTRACT Times by the submission of a Bid or becoming bound under a negotiated contract; or
 - b. The existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas required by the Bidding Requirements or CONTRACT Documents to be conducted by or for CONTRACTOR prior to CONTRACTOR's making such final commitment; or
 - c. CONTRACTOR failed to give the written notice within the time and as required by paragraph 4.03.A.

3. If DISTRICT and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the CONTRACT Price or CONTRACT Times, or both, a Claim may be made therefore as provided in paragraph 16.02. However, DISTRICT, DESIGN ENGINEER, and its CONTRACTORS shall not be liable to CONTRACTOR for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by CONTRACTOR on or in connection with any other project or anticipated project.

4.04 Underground Facilities

- A. *Shown or Indicated:* The information and data shown or indicated in the CONTRACT Documents with respect to existing Underground Facilities at or contiguous to the Site is based on information and data furnished to DISTRICT or DESIGN ENGINEER by the owners of such Underground Facilities, including DISTRICT, or by others. Unless it is otherwise expressly provided in the Supplemental Conditions:
1. DISTRICT shall not be responsible for the accuracy or completeness of any such information or data; and
 2. The cost of the following will be included in the CONTRACT Price, and CONTRACTOR shall have full responsibility for:
 - a. reviewing and checking all such information and data;
 - b. locating all Underground Facilities shown or indicated in the CONTRACT Documents;
 - c. coordination of the Work with the owners of such Underground Facilities, including DISTRICT, during

construction; and
d. the safety and protection of all such Underground Facilities and repairing any damage thereto resulting from the Work.

B. *Not Shown or Indicated*

1. If an Underground Facility is uncovered or revealed at or contiguous to the Site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the CONTRACT Documents, CONTRACTOR shall, immediately after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by paragraph 6.16), identify the owner of such Underground Facility and give written notice to that owner and to DISTRICT. DISTRICT will promptly review the Underground Facility and determine the extent, if any, to which a change is required in the CONTRACT Documents to reflect and document the consequences of the existence or location of the Underground Facility. During such time, CONTRACTOR shall be responsible for the safety and protection of such Underground Facility.
2. If DISTRICT concludes that a change in the CONTRACT Documents is required, a Change Order may be issued to reflect and document such consequences. An adjustment may be made in the CONTRACT Price or CONTRACT Times, or both, to the extent that they are attributable to the existence or location of any Underground Facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the CONTRACT Documents and that CONTRACTOR did not know of and could not reasonably have been expected to be aware of or to have anticipated. If DISTRICT and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment in CONTRACT Price or CONTRACT Times, DISTRICT or CONTRACTOR may make a Claim therefore as provided in paragraph 16.02.
3. In order to be entitled to an increase in time for performance of the Work, CONTRACTOR must establish that its critical path of construction performance has been adversely impacted. Upon such a showing, CONTRACTOR shall be entitled only to such an extension equivalent to such actual adverse impact in the critical path.

4.05 *Reference Points*: DISTRICT shall provide engineering surveys to establish reference points for construction which in DISTRICT's judgment are necessary to enable CONTRACTOR to proceed with the Work. CONTRACTOR shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of DISTRICT. CONTRACTOR shall report to DISTRICT whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by a professional land surveyor licensed in the State of Florida.

4.06 *Hazardous Environmental Condition at Site*

GENERAL TERMS & CONDITIONS

- A. *Reports and Drawings*: Reference is made to the Supplemental Conditions for the identification of those reports and drawings relating to a Hazardous Environmental Condition identified at the Site, if any, that have been utilized by the DESIGN ENGINEER and/or the DISTRICT in the preparation of the CONTRACT Documents.
- B. *Limited Reliance by CONTRACTOR on Technical Data Authorized*: CONTRACTOR may rely upon the general accuracy of the "technical data" contained in such reports and drawings, but such reports and drawings are not CONTRACT Documents. Such "technical data" is identified in the Supplemental Conditions. Except for such reliance on such "technical data" as described in the Supplemental Conditions, CONTRACTOR may not rely upon or make any Claim against DISTRICT, DESIGN ENGINEER or any of its Consultants with respect to:
 1. The completeness of such reports and drawings for CONTRACTOR's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by CONTRACTOR and safety precautions and programs incident thereto; or
 2. Other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or
 3. Any CONTRACTOR interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions or information.
- C. CONTRACTOR shall not be responsible for any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in Drawings or Specifications or identified in the CONTRACT Documents to be within the scope of the Work. CONTRACTOR shall be responsible for a Hazardous Environmental Condition created by the CONTRACTOR, Subcontractors, Suppliers, or anyone else for whom CONTRACTOR is responsible.
- D. If CONTRACTOR encounters a Hazardous Environmental Condition or if CONTRACTOR or anyone for whom CONTRACTOR is responsible creates a Hazardous Environmental Condition, CONTRACTOR shall immediately:
 - (i) secure or otherwise isolate such condition; (ii) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by paragraph 6.16); and (iii) notify DISTRICT and DESIGN ENGINEER (and immediately thereafter confirm such notice in writing).
- E. CONTRACTOR shall not be required to resume Work in connection with such condition or in any affected area until after DISTRICT has obtained any required permits related thereto and delivered to CONTRACTOR written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work; or (ii) specifying any special conditions under which such Work may be resumed safely. If DISTRICT and CONTRACTOR cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in CONTRACT Price or CONTRACT Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by CONTRACTOR, either party

00700-2-9

may make a Claim therefore as provided in paragraph 16.02.

- F. In order to be entitled to an increase in time for performance of the Work, CONTRACTOR must establish that its critical path of construction performance has been adversely impacted. Upon such a showing, CONTRACTOR shall be entitled only to such an extension equivalent to such actual adverse impact in the critical path.
- G. The provisions of paragraphs 4.02, 4.03, and 4.04 are not intended to apply to a Hazardous Environmental Condition uncovered or revealed at the Site.

ARTICLE 5 - BONDS AND INSURANCE

5.01 Bid Guaranty

- A. *Bid Bond Form.* Each Bid must be accompanied by the DISTRICT's Bid Bond form meeting the standards specified in this Article 5, including those applicable to the sureties for the Statutory Payment Bond and Common Law Performance Bond specified in the General Terms & Conditions. The bond shall be on the Bid Guaranty form provided by the DISTRICT, with Power of Attorney Affidavit attached, in an amount not less than five percent (5%) of the amount of the bid. The Bid Bond shall be in the Prime Contractor's name. The Bidder is required to use the DISTRICT forms provided in this RFB. Alternate bond forms will not be accepted. Failure to provide the DISTRICT's bond forms will deem the Bid non-responsive.
- B. *Alternate Security.* In lieu of the Bid Bond, the Bid may be accompanied by an alternate form of security in the form of cash, a money order, certified check of any national or state bank made payable to the DISTRICT, or an irrevocable letter of credit, in an amount not less than five percent (5%) of the amount of the Bid. Any such alternative form of security shall be for the same purpose and be subject to the same conditions as those applicable to the bond for which the alternative form of security is being substituted. The determination of the value of an alternative form of security shall be made by the DISTRICT.
- C. *Conditions.* The Bid Bond or alternate security shall be conditioned upon the Bidder's:
 - 1. Not withdrawing said bid within one hundred twenty (120) days after date of opening of the same, and
 - 2. Within seven (7) business days after of the Notice of Apparent Low Bidder Letter:
 - a. executing a written CONTRACT with the DISTRICT, in accordance with the bid as accepted;
 - b. providing evidence of insurance in the manner specified by the DISTRICT; and
 - c. if the Bid exceeds \$200,000.00, providing a Statutory Payment Bond and a Common Law Performance Bond as specified in the General Terms & Conditions (or, in lieu of the Statutory Payment Bond or Common Law Performance Bond, having provided an alternate form of security as specified in the General Terms & Conditions);
 - d. or in the event to fully comply with all of the foregoing, if the Bidder shall have paid the DISTRICT the difference between the amount specified in said bid and

the amount for which the DISTRICT may procure the required work and/or supplies, if the latter amount be in excess of the former.

- D. *Return of Bid Guaranty.* Funds of any money order or check that may be received will be returned to all Bidders, with the exception of the two (2) apparent low Bidders, within thirty (30) days after the opening of the Bids. Bid bonds will not be returned to the bidders, unless specifically requested by a Bidder. The Bid Security of the apparent and second apparent low bidder shall be retained until such Bidder has executed the CONTRACT, furnished the Insurance Certificate and endorsements, complied with the DISTRICT's SBE requirements, and furnished a valid and acceptable Statutory Payment Bond and a Common Law Performance Bond as specified in the General Terms & Conditions (or, in lieu of the Statutory Payment Bond or Common Law Performance Bond, having provided an alternate form of security as specified in the General Terms & Conditions) as required under the provisions of the CONTRACT. Any money order or check from the apparent low bidder shall be deposited upon receipt. Any money order or certified check from the second apparent low bidder may be deposited. Failure of the DISTRICT to execute the CONTRACT within one hundred twenty (120) days after the date of the bid opening shall initiate release of the Bid Bond, certified check or cash of the lowest and second lowest bidders unless mutually agreed otherwise or specified in the Supplemental Conditions.

5.02 Performance and Payment:

- A. *Performance and Payment Bond:* Bonds must be in compliance with Florida Law. If the CONTRACT price is in excess of \$200,000.00, the CONTRACTOR shall, within seven (7) business days of date of the Notice of Apparent Low Bidder from DISTRICT, provide DISTRICT with a Common Law Performance Bond and a Statutory Payment Bond meeting the standards specified herein, on the forms provided by the DISTRICT with Power of Attorney Affidavit attached, each in an amount not less than the CONTRACT Price. The bonds shall also be accompanied by the DISTRICT's Affidavit for Surety Form. The Performance and Payment Bonds shall be in the Prime Contractor's name. Failure to provide the bond(s) within the seven (7) business day period shall be sufficient cause for the DISTRICT to deem the Bidder non-responsive and nullify the CONTRACT award. The Contractor shall provide a Performance Bond which guarantees the performance of the Work as well as any applicable extended warranty.
- B. *Maintenance Bond:* A Maintenance Bond is required for this project unless specifically excluded by the Supplemental Conditions. The cost for providing it should be included in the bid, in the line for "Total Project" on the bid form. Proof of the ability to obtain this bond must be provided by consent of surety, which must accompany the bid, in the form of a statement or letter from a surety agency that is duly qualified per the conditions of this Article. The bond itself need not accompany the bid, and can be provided by the successful bidder at a later date, prior to substantial completion.

- B. *Qualifications to Do Business in Florida.* All insurers must be qualified to lawfully conduct business in the State of Florida. Failure of the DISTRICT to notify the CONTRACTOR that the Certificate of Insurance provided does not meet the CONTRACT requirements, shall not constitute a waiver of the CONTRACTOR'S responsibility to meet the stated requirements. In addition, receipt and acceptance of the certificate of insurance by the DISTRICT shall not constitute approval of the amounts, conditions or types of coverage listed on the certificate. The following coverages shall also be included by endorsement, unless excluded by the DISTRICT: Boiler & Machinery, Testing, Mechanical Breakdown, Earthquake, and Flood.
4. Coverage shall be valued on a Replacement Cost (100%) basis. A maximum (SIR) of \$5,000 is allowed. If multiple limits of liability are proposed for the construction site, property in transit, off-site storage, etc., the same value requirement shall be used for each.

CONTRACTOR shall be responsible to see that the completed Work complies accurately with the CONTRACT Documents.
- B. At all times during the progress of the Work, CONTRACTOR shall have a competent resident superintendent on site who shall not be replaced without written notice to DISTRICT except under extraordinary circumstances. The resident superintendent shall be a full time employee of the CONTRACTOR. The DISTRICT may, at its sole discretion, require replacement of the superintendent, in which case CONTRACTOR shall submit an acceptable replacement at no increase in CONTRACT Price nor extension in CONTRACT Times. - A. CONTRACTOR shall provide competent, qualified personnel to perform construction as required by the CONTRACT Documents. CONTRACTOR shall employ a Professional Land Surveyor with current Florida registration to survey and lay out the work (in accordance with any additional provisions included in the General Requirements). CONTRACTOR is fully responsible to provide a sufficient number of skilled workers and supervisory personnel to perform the Work and insure that the Work is completed within the CONTRACT Time. Failure to fully man the Project with supervisory personnel and skilled workers shall be cause for termination of CONTRACTOR.
- B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the CONTRACT Documents, all Work at the Site shall be performed during regular working hours, and CONTRACTOR will not permit overtime work or the performance of Work on Saturday, Sunday, or any legal holiday without DISTRICT's written consent and 48 hours' notice. Additionally, if CONTRACTOR uses subcontractors to perform any portion of the Work under this CONTRACT valued in excess of \$3,000, CONTRACTOR must include a requirement in the subcontractor's contract that the subcontractor use E-Verify to verify the employment eligibility of all persons hired by subcontractor to perform any such portion of the Work. Within 30 days of this CONTRACT's Effective Date, CONTRACTOR must provide the DISTRICT with evidence that CONTRACTOR is enrolled in the E-Verify system. Answers to questions regarding E-Verify as well as instructions on enrollment may be found at the E-

The CONTRACTOR shall maintain records verifying the rate of pay for each employee working on this CONTRACT and make such records available for inspection on demand by the DISTRICT.
- E. Failure to fully comply with these provisions shall be a material breach of the CONTRACT and cause for termination of the CONTRACT.

6.03 Services, Materials, and Equipment

- A. Unless otherwise specified in the General Requirements, CONTRACTOR shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start-up, and completion of the Work.
- B. All materials and equipment incorporated into the Work shall be as specified or, if not specified, shall be of good quality and new, except as otherwise provided in the CONTRACT Documents. All warranties and guarantees specifically called for by the Specifications shall expressly run to the benefit of DISTRICT. If required by DISTRICT or DESIGN ENGINEER, CONTRACTOR shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the CONTRACT Documents.
- C. Manufacturers' or Suppliers' warranties for all materials products and equipment to be furnished by CONTRACTOR and to be incorporated into the completed Work shall be furnished to the DISTRICT through CONTRACTOR. CONTRACTOR shall obtain from Suppliers of all materials, products and equipment, complete information as to any special condition or restriction to be applied in the use of these items. Should the manner or method of installation, specified performance or test results as set forth in the Specifications be contrary to the Manufacturer's recommendations for use of the product, CONTRACTOR shall notify the DISTRICT in writing of such conflict as soon as reasonably possible, but no later than the time of Shop Drawing submittal including those products. Failure to provide such written notice before proceeding with the Work affected thereby shall be certification by CONTRACTOR that the specification requirements will be met by the materials, products and equipment, and that the cost and time required to perform the Work affected thereby have been included in the CONTRACT Price and in the schedule for the performance of the Work within the CONTRACT Time.

6.04 Progress Schedule:

A. CONTRACTOR shall adhere to the progress schedule established in accordance with paragraph 2.07 and shall be updated monthly as provided below.

1. CONTRACTOR shall submit to DISTRICT for acceptance (to the extent indicated in paragraph 2.07) proposed adjustments in the progress schedule that will not result in changing the CONTRACT Times (or Milestones). Such adjustments will conform generally to the progress schedule then in effect and additionally will comply with any provision of the General Requirements applicable thereto. CONTRACTOR further hereby acknowledges that the CONTRACT Time for performance is reasonable and that all costs for schedule compliance are included in the CONTRACT Price.
2. Proposed adjustments in the progress schedule that will change the CONTRACT Times (or Milestones) shall be submitted in accordance with the requirements of Article 12. Such adjustments may only be made by a Change Order or Written Amendment in accordance with Article 12. The CONTRACTOR shall not alter the schedule for proposed substitutions in anticipation of a change order, but rather will provide a proposed schedule revision with the change order, if requested by the DISTRICT, which will become effective with approval of the change.

6.05 "Or Equals" or Substitutes

A. Whenever an item of material or equipment is specified or described in the CONTRACT Documents by using the name of a proprietary item or the name of a particular Supplier, the specification or description is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no "like," no "equivalent," no "or equal" item or no substitution is permitted, the substitution may be submitted to DISTRICT for review under the circumstances described below.

1. *"Or-Equal" Items:* If in DISTRICT's sole discretion an item of material or equipment proposed by CONTRACTOR is functionally equal to that named and sufficiently similar so that no change in related Work will be required, it may be considered by DISTRICT as an "or equal" item, in which case review and approval of the proposed item may, in DISTRICT's sole discretion, be accomplished without compliance with some or all of the requirements for approval of proposed substitute items. For the purposes of this paragraph, a proposed item of material or equipment may be considered functionally equal to an item so named if:
 - a. In the exercise of reasonable judgment DISTRICT determines that: (i) it is at least equal in quality, durability, appearance, strength, and design characteristics; (ii) it will reliably perform at least equally well the function imposed by the design concept of the completed Project as a functioning whole; and
 - b. CONTRACTOR certifies that: (i) there is no increase in

cost to the DISTRICT; and (ii) it will conform substantially, even with deviations, to the detailed requirements of the item named in the CONTRACT Documents.

2. *Substitute Items*

- a. If in DISTRICT's sole discretion an item of material or equipment proposed by CONTRACTOR does not qualify as an "or equal" item under paragraph 6.05.A.1, it may, at the DISTRICT's option be considered a proposed substitute item.
- b. CONTRACTOR shall submit sufficient information as provided below to allow DISTRICT to determine that the item of material or equipment proposed is essentially equivalent to that named and an acceptable substitute therefore. Requests for review of proposed substitute items of material or equipment will not be accepted by DISTRICT from anyone other than CONTRACTOR.
- c. The procedure for review by DISTRICT will be as set forth in paragraph 6.05.A.2.d, as supplemented in the General Requirements and as DISTRICT may decide is appropriate under the circumstances.
- d. CONTRACTOR shall first make written application to DISTRICT for review of a proposed substitute item of material or equipment that CONTRACTOR seeks to furnish or use. The application shall certify that the proposed substitute item will perform adequately the functions and achieve the results called for by the general design, be similar in substance to that specified, and be suited to the same use as that specified. The application will state the extent, if any, to which the use of the proposed substitute item will prejudice CONTRACTOR's achievement of Substantial Completion on time, whether or not use of the proposed substitute item in the Work will require a change in any of the CONTRACT Documents (or in the provisions of any other direct CONTRACT with DISTRICT for work on the Project) to adapt the design to the proposed substitute item and whether or not incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute item from that specified will be identified in the application, and available engineering, sales, maintenance, repair, and replacement services will be indicated. The application will also contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including costs of redesign and claims of other CONTRACTORS affected by any resulting change, all of which will be considered by DISTRICT in evaluating the proposed substitute item. DISTRICT may require CONTRACTOR to furnish additional data about the proposed substitute item.

B. *Substitute Construction Methods or Procedures:* If a specific means, method, technique, sequence, or procedure of construction is shown or indicated in and expressly required by the CONTRACT Documents, CONTRACTOR may furnish or utilize a substitute means, method, technique, sequence, or procedure of construction approved by DISTRICT. CONTRACTOR shall submit sufficient information to allow DISTRICT, in DISTRICT's sole discretion, to determine that the substitute proposed is equivalent to that expressly called for

by the CONTRACT Documents. The procedure for review by DISTRICT will be similar to that provided in Article 6.05.A.2.

- C. *DISTRICT's Evaluation:* DISTRICT will be allowed a reasonable time within which to evaluate each proposal or submittal made pursuant to paragraphs 6.05.A and 6.05.B. DISTRICT will be the sole judge of acceptability. No "or equal" or substitute will be ordered, installed or utilized until DISTRICT's review is complete, which will be evidenced by either a Change Order for a substitute or an approved Shop Drawing for an "or equal." DISTRICT will advise CONTRACTOR in writing of any negative determination. CONTRACTOR shall not be entitled to recover any extended general condition costs, or any schedule related impacts, including but not limited to acceleration or inefficiency costs, alleged to have been incurred resulting from the time spent by the DESIGN ENGINEER and DISTRICT in evaluating each proposal or submittal under this Article.
- D. *Special Guarantee:* DISTRICT may require CONTRACTOR to furnish at CONTRACTOR's expense a special performance guarantee or other surety with respect to any substitute.
- E. *DISTRICT's Cost Reimbursement:* DISTRICT will record time required by DISTRICT and DESIGN ENGINEER in evaluating substitute proposed or submitted by CONTRACTOR pursuant to paragraphs 6.05.A.2 and 6.05.B and in making changes in the CONTRACT Documents (or in the provisions of any other direct CONTRACT with DISTRICT for work on the Project) occasioned thereby. Whether or not DISTRICT approves a substitute item so proposed or submitted by CONTRACTOR, CONTRACTOR shall reimburse DISTRICT for the charges of DISTRICT and DESIGN ENGINEER for evaluating each such proposed substitute.
- F. *CONTRACTOR's Expense:* CONTRACTOR shall provide all data in support of any proposed substitute or "or equal" at CONTRACTOR's expense.

6.06 Concerning Subcontractors, Suppliers, and Others

- A. The DISTRICT requires the identity of Subcontractors, Suppliers, and other individuals or entities to be submitted to the DISTRICT in advance of the Work for review by DISTRICT. DISTRICT's acceptance of any such Subcontractor, Supplier, or other individual or entity so identified may be revoked on the basis of reasonable objection after due investigation. CONTRACTOR shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity. No acceptance by DISTRICT of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of any right of DISTRICT to reject defective Work.
- B. CONTRACTOR shall be fully responsible to DISTRICT for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as CONTRACTOR is responsible for CONTRACTOR's own acts and omissions. Nothing in the

CONTRACT Documents shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between DISTRICT or DESIGN ENGINEER and any such Subcontractor, Supplier or other individual or entity, nor shall it create any obligation on the part of DISTRICT or DESIGN ENGINEER to pay or to see to the payment of any moneys due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations. DISTRICT or DESIGN ENGINEER may furnish to any Subcontractor or other person or organization, to the extent practicable, evidence of amounts paid to CONTRACTOR on account for specific Work done. No Subcontractor, Supplier or other person or organization shall be a third party beneficiary of this CONTRACT.

- C. CONTRACTOR shall be solely responsible for scheduling and coordinating the Work of Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work under a direct or indirect CONTRACT with CONTRACTOR.

- I. All Work performed for CONTRACTOR by a Subcontractor or Supplier will be pursuant to an appropriate agreement between CONTRACTOR and the Subcontractor or Supplier which specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the CONTRACT Documents for the benefit of DISTRICT.
- J. Although the DISTRICT's preference is that people do not reside on its work sites, in certain situations it is unavoidable or beneficial CONTRACTORS, its employees, or subcontractors to reside on the work sites. CONTRACTOR shall ensure that all employees or subcontractors performing work or furnishing any of the Work will not reside on the work site unless necessary for the safety of the work site and equipment, or for the timeliness of completing the Work. In the event CONTRACTOR deems it necessary to allow an employee or subcontractor to reside on DISTRICT'S Property, CONTRACTOR will obtain prior written approval from the DISTRICT and will retain and provide proof of necessary insurance coverage, as outlined in the Insurance Requirements Checklist. CONTRACTOR agrees to include in its agreement

with its subcontractors, and require any employees residing on the work site, to acknowledge the following language:

Subcontractor/Employee agrees that in no way does the authorization to temporarily reside on DISTRICT Property for the Work create a leasehold interest with the DISTRICT, nor does the DISTRICT make any representations or warranties as to the property's condition or fitness for residence. Subcontractor/employee must also agree that no alcohol is allowed on DISTRICT Property as part of this temporary license, to wear mandatory personal protective equipment (PPE), as appropriate, for the work site when outside of their residence, and to properly dispose of all black and gray water offsite.

CONTRACTOR shall pay all governmental charges and inspection fees necessary for the prosecution of the Work. CONTRACTOR shall pay all charges of utility owners for connections to the Work. If CONTRACTOR fails to obtain or renew any permit or license required by this paragraph, the DISTRICT has the option of stopping or suspending work, terminating the CONTRACTOR's services or procuring any permit or license directly. In addition, the CONTRACTOR shall not be entitled to any additional time for such failure. DISTRICT shall be entitled to deduct DISTRICT's resultant costs from the CONTRACT Price by issuing a Change Order. CONTRACTOR shall meet all requirements of all permits and licenses.

6.09 Laws and Regulations: CONTRACTOR shall give all notices and comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, the DISTRICT shall not be responsible for monitoring CONTRACTOR's compliance with any Laws or Regulations.

CONTRACTOR shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.

2. Should any claim be made by any such owner or occupant because of the performance of the Work, CONTRACTOR shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.

E. *DISTRICT'S Review*

- 1. DISTRICT will timely review and approve Shop Drawings and Samples in accordance with the schedule of Shop Drawings and Sample submittals acceptable to DISTRICT. DISTRICT'S review and acceptance will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the CONTRACT Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the CONTRACT Documents.

2. DISTRICT's review and acceptance will not extend to means, methods, techniques, sequences, or procedures of construction (except where a particular means, method, technique, sequence, or procedure of construction is specifically and expressly called for by the CONTRACT Documents) or to safety precautions or programs incident thereto. The review and acceptance of a separate item as such will not indicate approval of the assembly in which the item functions.
3. DISTRICT's review and acceptance of Shop Drawings or Samples shall not relieve CONTRACTOR from responsibility for any variation from the requirements of the CONTRACT Documents unless CONTRACTOR has in writing called DISTRICT's attention to each such variation at the time of each submittal as required by paragraph 6.17.D.3 and DISTRICT has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample approval; nor will any approval by DISTRICT relieve CONTRACTOR from responsibility for complying with the requirements of paragraph 6.17.D.1. - B. CONTRACTOR's obligation to perform and complete the Work in accordance with the CONTRACT Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the CONTRACT Documents or a release of CONTRACTOR's obligation to perform the Work in accordance with the CONTRACT Documents:
 1. observations by DISTRICT and/or DESIGN ENGINEER;
 2. payment by DISTRICT of any progress or final payment;
 3. the issuance of a certificate of Substantial Completion or any payment related thereto by DISTRICT;

5. any acceptance by DISTRICT or any failure to do so;
6. any review and approval of a Shop Drawing or Sample submittal or the issuance of a notice of acceptability by DESIGN ENGINEER;
7. any inspection, test, or approval by others; or
8. any correction of defective Work by DISTRICT.

6.20 *Truth-In-Negotiation*

- A. CONTRACTOR warrants that all bid line items are true, complete and accurate and include all costs, overhead, profit and all other amounts associated with such items and may be relied upon by DISTRICT when making additions or deductions to the CONTRACT Price. CONTRACTOR further warrants that all Cost and Pricing Data provided to DESIGN ENGINEER and DISTRICT during the term of the CONTRACT shall be complete, accurate and current when provided. Should there be any changes in the Cost and Pricing Data previously submitted, the CONTRACTOR shall notify and provide the new information to DESIGN ENGINEER and DISTRICT immediately. DISTRICT shall be entitled to issue an appropriate Change Order to adjust the CONTRACT Price and CONTRACT Times based on correcting inaccurate or incomplete information provided by CONTRACTOR.
- B. Despite any provisions in the CONTRACT Documents to the contrary, any amounts paid by DISTRICT to CONTRACTOR in excess of that to which it is entitled under the CONTRACT Documents shall be reimbursed by CONTRACTOR to DISTRICT. The making of Final Payment to CONTRACTOR shall not be a waiver of DISTRICT's right to reimbursement from CONTRACTOR nor shall it discharge CONTRACTOR's obligation to refund the overpayment. The terms of this Article shall survive the DISTRICT's making Final Payment.
- C. CONTRACTOR shall insert a provision containing all the requirements of this Article, in all Subagreements between CONTRACTOR and Subcontractors or Suppliers or other persons, altering the section only as necessary to identify properly the contracting parties.

ARTICLE 7 - OTHER WORK

7.01 *Related Work at Site*

- A. DISTRICT, and its CONTRACTORS and utility owners may perform work at the Project Site.
- B. CONTRACTOR shall afford each other CONTRACTOR, each utility owner, the DISTRICT and its other CONTRACTORS proper and safe access to the Site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work and shall properly coordinate the Work with theirs. Unless otherwise provided in the CONTRACT Documents, CONTRACTOR shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. CONTRACTOR shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will

only cut or alter their work with the written consent of DISTRICT and its other CONTRACTORS whose work will be affected. The duties and responsibilities of CONTRACTOR under this paragraph are for the benefit of such utility owners, the DISTRICT and its CONTRACTORS to the extent that there are comparable provisions for the benefit of CONTRACTOR in said direct contracts between DISTRICT and such utility owners and other CONTRACTORS.

C. If the proper execution or results of any part of CONTRACTOR's Work depends upon work performed by others under this Article 7, CONTRACTOR shall inspect such other work and immediately report to DISTRICT in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of CONTRACTOR's Work. CONTRACTOR's failure to so report will constitute an acceptance of such other work as fit and proper for integration with CONTRACTOR's Work except for latent defects and deficiencies in such other work.

7.02 *Coordination*: CONTRACTOR shall be ultimately responsible for coordination of all other CONTRACTORS. If DISTRICT intends to CONTRACT with others for the performance of other work on the Project at the Site, the following will be set forth in Supplemental Conditions:

1. the individual or entity who will have authority and responsibility for coordination of the activities among the various CONTRACTORS will be identified;
2. the specific matters to be covered by such authority and responsibility will be itemized; and
3. the extent of such authority and responsibilities will be provided.

ARTICLE 8 - DISTRICT'S RESPONSIBILITIES

8.01 *Communications to CONTRACTOR*: Except as otherwise provided in these General Terms & Conditions, DISTRICT shall issue all communications to CONTRACTOR

8.02 *Pay When Due*: DISTRICT shall make payments to CONTRACTOR when they are due as provided in Article 14.

8.03 *Lands and Easements; Reports and Tests*: DISTRICT's duties with respect to providing lands and easements and providing engineering surveys to establish reference points are set forth in Paragraph 4.05. Paragraph 4.05 refers to DISTRICT's identifying and making available to CONTRACTOR copies of reports of explorations and tests of subsurface conditions and drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site that have been utilized by DESIGN ENGINEER in preparing the CONTRACT Documents.

8.04 *Change Orders*: DISTRICT will issue unilaterally or negotiate, at its discretion, Change Orders and Field Orders as provided in Article 10.

8.05 *Inspections, Tests, and Approvals*: DISTRICT's responsibility with respect to certain inspections, tests, and approvals is set forth in Article 13.

8.06 *Limitations on DISTRICT's Responsibilities*: The DISTRICT shall not supervise, direct, or have control or authority over, nor be responsible for, CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work. DISTRICT will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the CONTRACT Documents.

8.07 *Undisclosed Hazardous Environmental Condition*: DISTRICT's responsibility with respect to an undisclosed Hazardous Environmental Condition is set forth in Article 4.06.

ARTICLE 9 - CONSTRUCTION MANAGER'S STATUS DURING CONSTRUCTION

9.01 *DISTRICT's Authorized Representatives*: CONSTRUCTION MANAGER will be DISTRICT's authorized representative during the construction period. The duties and responsibilities and the limitations of authority of the CONSTRUCTION MANAGER as DISTRICT's authorized representative during construction are set forth in the CONTRACT Documents and will not be changed without written consent of DISTRICT.

9.02 *Clarifications and Interpretations*: CONSTRUCTION MANAGER may issue such written clarifications or interpretations of the requirements of the CONTRACT Documents as CONSTRUCTION MANAGER may determine necessary, which shall be consistent with the intent of and reasonably inferable from the CONTRACT Documents.

9.03 *Authorized Variations in Work*: CONSTRUCTION MANAGER may authorize minor variations in the Work from the requirements of the CONTRACT Documents which do not involve an adjustment in the CONTRACT Price or the CONTRACT Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the CONTRACT Documents. These may be accomplished by a Field Order and will be binding on DISTRICT and also on CONTRACTOR, who shall promptly perform the Work involved.

9.04 *Rejecting Defective Work*: DISTRICT will have authority to disapprove or reject Work which DISTRICT believes to be defective, or that DISTRICT believes will not produce a completed Project that conforms to the CONTRACT Documents or that will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated by the CONTRACT Documents. DISTRICT will also have authority to require special inspection or testing of the Work as provided in Article 13, whether or not the Work is fabricated, installed, or completed. When CONTRACTOR has been notified of disapproval or rejection of defective work, CONTRACTOR shall take immediate action to correct or replace same.

9.05 *Shop Drawings, Change Orders and Payments*

- A. In connection with DISTRICT's authority as to Shop Drawings and Samples, see Article 6.17.
- B. In connection with DISTRICT's authority as to Change Orders, see Articles 10, 11, and 12.
- C. In connection with DISTRICT's authority as to Applications for Payment, see Article 14.

9.06 *Determinations for Unit Price Work for Invoices:* CONSTRUCTION MANAGER will determine the actual quantities and classifications of Unit Price Work performed by CONTRACTOR. CONSTRUCTION MANAGER will review with CONTRACTOR the CONSTRUCTION MANAGER's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). CONSTRUCTION MANAGER's written decision thereon will be final and binding (except as modified by DISTRICT to reflect changed factual conditions or more accurate data) upon CONTRACTOR, subject to the provisions of Article 10.

9.07 *Decisions on Requirements of CONTRACT Documents and Acceptability of Work:* DISTRICT will be the interpreter of the requirements of the CONTRACT Documents and judge of the acceptability of the Work thereunder. Claims, disputes and other matters relating to the acceptability of the Work, the quantities and classifications of Unit Price Work, the interpretation of the requirements of the CONTRACT Documents pertaining to the performance of the Work, and Claims seeking changes in the CONTRACT Price or CONTRACT Times will be referred to DISTRICT in writing, in accordance with the provisions of Article 10, with a request for a formal decision.

9.08 *Limitations on CONSTRUCTION MANAGER Authority and Responsibilities*

- A. CONSTRUCTION MANAGER's authority or responsibility under this Article 9 or under any other provision of the CONTRACT Documents nor any decision made by CONSTRUCTION MANAGER in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by CONSTRUCTION MANAGER shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by CONSTRUCTION MANAGER to CONTRACTOR, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.
- B. CONSTRUCTION MANAGER will not supervise, direct, control, or have authority over or be responsible for CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work. CONSTRUCTION MANAGER will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the CONTRACT Documents.
- C. CONSTRUCTION MANAGER will not be responsible for the acts or omissions of the CONTRACTOR or of any

Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

- D. CONSTRUCTION MANAGER's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by paragraph 14.07.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals that the results certified indicate compliance with the CONTRACT Documents.
- E. The limitations upon authority and responsibility set forth in this paragraph 9.08 shall also apply to DISTRICT, CONSTRUCTION MANAGER's Consultants and assistants.

ARTICLE 10 - CHANGES IN THE WORK

10.01 *Authorized Changes in the Work*

- A. Without invalidating the CONTRACT and without notice to any surety, DISTRICT may, at any time or from time to time, order additions, deletions, or revisions in the Work within the general scope of the CONTRACT by a Written Amendment, Work Change Directive or Change Order. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the Work involved which will be performed under the applicable conditions of the CONTRACT Documents (except as otherwise specifically provided).
- B. If DISTRICT and CONTRACTOR are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the CONTRACT Price or CONTRACT Times, or both, a Claim may be made therefore as provided in Article 16.

10.02 *Unauthorized Changes in the Work:* CONTRACTOR shall not be entitled to an adjustment in the CONTRACT Price or the CONTRACT Times with respect to any work performed that is not required by the CONTRACT Documents as amended, modified, or supplemented as provided in paragraph 3.04, except in the case of an emergency as provided in paragraph 6.16 or in the case of uncovering Work as provided in paragraph 13.04.B.

10.03 *Execution of Change Orders*

- A. DISTRICT and CONTRACTOR shall execute appropriate Change Orders (or Written Amendments) covering:
 - 1. Changes in the Work which are:
 - a. ordered by DISTRICT pursuant to paragraph 10.01.A,
 - b. required because of acceptance of defective Work under Article 13 or DISTRICT's correction of defective Work under Article 13, or
 - c. base claims agreed to by the parties.
 - 2. Changes in the CONTRACT Price or CONTRACT Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Change Order or Amendment; and
 - 3. Unilateral Changes in the CONTRACT Price or CONTRACT

Times which are issued by the DISTRICT, including any undisputed and/or disputed sum or amount of time for Work actually performed in accordance with a Change Order or Amendment; and

4. Changes in the CONTRACT Price or CONTRACT Times which embody the substance of any written decision rendered by DISTRICT pursuant to paragraph 16.02; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the CONTRACT Documents and applicable Laws and Regulations, but during any such appeal, CONTRACTOR shall carry on the Work and adhere to the progress schedule as provided in paragraph 6.18.
5. An executed change order shall be in accord and satisfaction concerning all potential claims related to the Change Order work, including inefficiencies or acceleration based claims.
- B. There shall be no CONTRACTOR delay claim based upon CONTRACTOR's inability to perform change order work due to delay caused by DISTRICT's approval process.

10.04 *Notification to Surety*: If notice of any change affecting the general scope of the Work or the provisions of the CONTRACT Documents (including, but not limited to, CONTRACT Price or CONTRACT Times) is required by the provisions of any Bond to be given to a surety, the giving of any such notice will be CONTRACTOR's responsibility. The amount of each applicable Bond will be adjusted to reflect the effect of any such change, and evidence of increased coverage provided to the DISTRICT.

In addition, the CONTRACTOR shall for any increases in the CONTRACT amount, automatically increase the amount of the Performance and Payment Bonds to equal the revised amount of the CONTRACT and shall provide the DISTRICT with evidence of same.

ARTICLE 11 - COST OF THE WORK FOR CHANGES; OWNER DIRECTED ALLOWANCES; UNIT PRICE WORK

11.01 Cost of the Work for Changes

- A. *Costs Included*: The term Cost of the Work means the sum of all costs necessarily incurred and paid by CONTRACTOR in the proper performance of the Work. When the value of any Work covered by a Change Order, or when a Claim for an adjustment in CONTRACT Price is determined on the basis of Cost of the Work, the costs to be reimbursed to CONTRACTOR will be only those additional or incremental costs required because of the change in the Work or because of the event giving rise to the Claim. Except as otherwise may be agreed to in writing by DISTRICT, such costs shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in paragraph 11.01.B "Costs Excluded" and shall include only the following items:
 1. Payroll costs for employees in the direct employ of CONTRACTOR in the performance of the Work under schedules of job classifications agreed upon by DISTRICT and CONTRACTOR. Such employees may include within limitation superintendents, foremen, and other personnel employed full time at the Site. Payroll costs for employees

not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, sick leave, vacation and holiday pay applicable thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall not be included in the above.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to DISTRICT, and CONTRACTOR shall make provisions so that they may be obtained.
3. Payments made by CONTRACTOR to Subcontractors for Work performed by Subcontractors. If required by DISTRICT, CONTRACTOR shall obtain competitive bids from subcontractors acceptable to DISTRICT and CONTRACTOR shall deliver such bids to DISTRICT, who will then determine, with the advice of DESIGN ENGINEER, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as CONTRACTOR's Cost of the Work and fee as provided in this paragraph 11.01.
4. Costs of special consultants (cost of engineers, architects, testing laboratories and surveyors) employed for services specifically related to the Work.
5. Supplemental costs including the following:
 - a. The proportion of necessary transportation, travel, and subsistence expenses of CONTRACTOR's employees incurred in discharge of duties connected with the Work.
 - b. Cost, including transportation and maintenance, of materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used, but not consumed, which remain the property of CONTRACTOR.
 - c. Rentals of all construction equipment and machinery, and the parts thereof whether rented from CONTRACTOR or others in accordance with rental agreements approved by DISTRICT, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.
 - d. Sales, consumer, use, and other similar taxes related to the Work, and for which CONTRACTOR is liable, imposed by Laws and Regulations.
 - e. The cost of utilities, fuel, and sanitary facilities at the Site.
 - f. Minor expenses such as telegrams, long distance telephone calls, telephone service at the Site or expressage in connection with the Work.
 - g. When the Cost of the Work is used to determine the value

of a Change Order or of a Claim, the cost of premiums for additional Bonds and insurance required because of the changes in the Work or caused by the event giving rise to the Claim.

- h. When all the Work is performed on the basis of cost-plus, the costs of premiums for all Bonds and insurance CONTRACTOR is required by the CONTRACT Documents to purchase and maintain.
- B. *Costs Excluded:* Cost of the Work for changes shall not include any of the following items:
- 1. Payroll costs and other compensation of CONTRACTOR's officers, executives, principals (of partnerships and sole proprietorships), general managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expeditors, timekeepers, clerks, and other personnel employed by CONTRACTOR, whether at the Site or in CONTRACTOR's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in paragraph 11.01.A. 1 or specifically covered by paragraph 11.01.A.1, all of which are to be considered administrative costs covered by the CONTRACTOR's fee.
 - 2. Expenses of CONTRACTOR's principal and branch offices other than CONTRACTOR's office at the Site.
 - 3. Any part of CONTRACTOR's capital expenses, including interest on CONTRACTOR's capital employed for the Work and charges against CONTRACTOR for delinquent payments.
 - 4. Costs due to the negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.
 - 5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in paragraph 11.01.A.
- C. *CONTRACTOR's Fee:* When all of the Work is performed on the basis of cost-plus, CONTRACTOR's fee shall be determined as set forth in the CONTRACT. When the value of any Work covered by a Change Order or when a Claim for an adjustment in CONTRACT Price is determined on the basis of Cost of the Work, CONTRACTOR's fee shall be determined as set forth in paragraph 12.01.C.
- D. *Documentation:* Whenever the Cost of the Work for any purpose is to be determined pursuant to paragraphs 11.01.A and 11.01.B, CONTRACTOR shall establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to DISTRICT an itemized cost breakdown together with supporting data.

11.02 Owner Directed Allowances

- A. It is understood that CONTRACTOR has included in the CONTRACT Price all allowances so named in the

CONTRACT Documents and shall cause the Work so covered to be performed for such sums as may be acceptable to DISTRICT. CONTRACTOR agrees that:

- 1. The allowances include the cost to CONTRACTOR (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and
 - 2. CONTRACTOR's costs for unloading and handling on the Site, labor, installation costs, overhead, profit, and other expenses contemplated for the allowances have been included in the CONTRACT Price and not in the allowance price, and no demand for additional payment on account of any of the foregoing will be valid.
- B. Prior to final payment, a Change Order may be issued by the DISTRICT to reflect actual amounts due CONTRACTOR on account of Work covered by allowances.

11.03 Unit Price Work

- A. Where the CONTRACT Documents provide that all or part of the Work is to be Unit Price Work, initially the CONTRACT Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the CONTRACT. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial CONTRACT Price. Determinations of the actual quantities and classifications of Unit Price Work performed by CONTRACTOR will be made by DISTRICT subject to the provisions of paragraph 9.08.
- B. Each unit price will be deemed to include an amount considered by CONTRACTOR to be adequate to cover CONTRACTOR's overhead and profit for each separately identified item.
- C. DISTRICT or CONTRACTOR may make a Claim for an adjustment in the CONTRACT Price in accordance with paragraph 16.02 if:
 - 1. the quantity of any item of Unit Price Work performed by CONTRACTOR differs materially and significantly from the estimated quantity of such item indicated in the CONTRACT; and
 - 2. there is no corresponding adjustment with respect to any other item of Work; and
 - 3. if CONTRACTOR believes that CONTRACTOR is entitled to an increase in CONTRACT Price as a result of having incurred additional expense or DISTRICT believes that it is entitled to a decrease in CONTRACT Price and the parties are unable to agree as to the amount of any such increase or decrease.

ARTICLE 12 - CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES

12.01 Change of CONTRACT Price

- A. The CONTRACT Price may only be changed by a Change Order or by a Written Amendment. Any Claim for an

adjustment in the CONTRACT Price shall be based on written notice submitted to the DISTRICT in accordance with the provisions of Article 16.02.

B. The value of any Work covered by a Change Order or of any Claim for an adjustment in the CONTRACT Price will be determined as follows:

1. where the Work involved is covered by Unit Prices contained in the CONTRACT Documents, by application of such Unit Prices to the quantities of the items involved (subject to the provisions of paragraph 11.03); or
2. where the Work involved is not covered by Unit Prices contained in the CONTRACT Documents, by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with paragraph 12.01.C); or
3. where the Work involved is not covered by Unit Prices contained in the CONTRACT Documents and agreement to a lump sum is not reached under paragraph 12.01.B.2, on the basis of the Cost of the Work (determined as provided in paragraph 11.01) plus a CONTRACTOR's fee for overhead and profit (determined as provided in paragraph 12.01.C).

C. *CONTRACTOR's Fee:* The CONTRACTOR's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or
2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:
 - a. for costs incurred under paragraphs 11.01.A.1 and 11.01.A.2, the CONTRACTOR's fee shall be ten percent (10%);
 - b. for costs incurred under paragraph 11.01.A.3, the CONTRACTOR's fee shall be ten percent (10%);
 - c. no fee shall be payable on the basis of costs itemized under paragraphs 11.01.A.4, 11.01.A.5, and 11.01.B;
 - d. the amount of credit to be allowed by CONTRACTOR to DISTRICT for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in CONTRACTOR's fee by an amount equal to ten percent (10%) of such net decrease; and
 - e. when both additions and credits are involved in any one change, the adjustment in CONTRACTOR's fee shall be computed on the basis of the net change in accordance with paragraphs 12.01.C.2.a through 12.01.C.2.d, inclusive.

D. The CONTRACTOR acknowledges that agreement on any Change Order shall constitute a final settlement and full accord and satisfaction of all matters relating to the change directly or indirectly changed or unchanged in the Work which is the subject of the Change Order, including, but not limited to, all direct, indirect costs, and impact costs associated with such change and any and all adjustments to

the CONTRACT Price and CONTRACT Times, and schedule.

12.02 *Change of CONTRACT Times*

- A. The CONTRACT Times (or Milestones) may only be changed by a Change Order or by a Written Amendment. Any Claim for an adjustment in the CONTRACT Times (or Milestones) shall be based on written notice submitted by the CONTRACTOR to the DISTRICT in accordance with the provisions of paragraph 16.02. All adjustments for additional time must include a detailed Critical Path Analysis of the CONTRACT schedule.
- B. Any adjustment of the CONTRACT Times (or Milestones) covered by a Change Order or of any Claim for an adjustment in the CONTRACT Times (or Milestones) will be determined in accordance with the provisions of this Article 12.
- C. The CONTRACTOR expressly agrees that in undertaking to complete the Work within the time specified, it has made allowances for certain foreseeable hindrances and delays including the types described below.
- D. The CONTRACTOR acknowledges that certain hindrances and delays are ordinarily encountered on projects of this type. The parties specifically anticipate and contemplate such hindrances and delays, including but not limited to, labor disputes; those reasonable delays caused by or arising from minor design conflicts and issues; schedule adjustments; the action of CONTRACTOR's supplier and subcontractors; late or out of sequence DISTRICT-furnished equipment, materials and facilities not affecting the critical path; reasonable turnaround or approval of CONTRACTOR's shop drawings, schedules, or submittals; normal unfavorable weather, wet grounds, or other similar unsuitable construction conditions likely to occur in South Florida; reasonable turnaround to CONTRACTOR's requests for information or direction; change order processing; and access and coordination by the DISTRICT, or CONSTRUCTION MANAGER, that does not create any new critical paths in the schedule. The CONTRACTOR agrees that such delays are included in its bid price and schedule and that they shall not constitute the basis for a time extension or a claim for additional compensation of any type.

12.03 *Delays Beyond CONTRACTOR's Control:* Where CONTRACTOR is prevented from completing any part of the Work within the CONTRACT Times (or Milestones) due to delay beyond the control of CONTRACTOR, the CONTRACT Times (or Milestones) may be extended in an amount equal to the time lost due to such delay if a Claim is made therefore as provided in paragraph 12.02.A. Delays beyond the control of CONTRACTOR may include acts or neglect of utility owners or other CONTRACTORS performing other work as contemplated by Article 7, fires, floods, epidemics, pandemics, abnormal weather conditions or acts of God. If abnormal weather conditions are the basis for a claim for additional time, such claim shall be documented by data substantiating that (1) weather conditions were abnormal for the period of time, (2) the abnormal weather could not have been reasonably anticipated, and (3) that weather conditions had an adverse effect on the scheduled construction's critical path.

12.04 *Delays Within CONTRACTOR's Control:* The CONTRACT Times (or Milestones) will not be extended due to delays within the

control of CONTRACTOR. Delays attributable to and within the control of a Subcontractor or Supplier shall be deemed to be delays within the control of CONTRACTOR.

12.05 Delays Beyond DISTRICT's and CONTRACTOR's Control: Where CONTRACTOR is prevented from completing any part of the Work within the CONTRACT Times (or Milestones) due to delay beyond the control of both DISTRICT and CONTRACTOR, an extension of the CONTRACT Times (or Milestones) in an amount equal to the time lost on the critical path due to such delay shall be CONTRACTOR's sole and exclusive remedy for such delay.

12.06 Delay Damages

- A. In no event shall DISTRICT be liable to CONTRACTOR, any Subcontractor, any Supplier, or any other person or organization, or to any surety for or employee or agent of any of them, for damages arising out of or resulting from:
 - 1. delays caused by or within the control of CONTRACTOR; or
 - 2. delays beyond the control of both DISTRICT and CONTRACTOR including but not limited to fires, floods, droughts, epidemics, pandemics, abnormal weather conditions, acts of God, or acts or neglect by utility owners or other CONTRACTORS performing other work as contemplated by Article 7.

- B. To the extent that delays occur for which time and compensation are properly allowed, the DISTRICT shall not be liable for time-related or delay damages in the following categories:
 - 1. profit on the additional costs beyond those allowed elsewhere;
 - 2. loss of anticipated profit;
 - 3. indirect expenses;
 - 4. impact costs;
 - 5. loss of productivity;
 - 6. inefficiency costs;
 - 7. home office overhead;
 - 8. consequential damages, including but not limited to loss of bonding capacity, loss of bidding opportunities, and insolvency; and
 - 9. legal fees, claims preparation expenses, or costs of disputes resolution.

CONTRACTOR hereby expressly agrees to waive its right to such delay or time-related costs or damages, but may be entitled to direct any reasonable jobsite costs caused by or resulting from the delay. All prime CONTRACTORS and all subcontractors shall coordinate all work one with the other, so as to facilitate the general progress of the Work.

- C. Except as provided in Paragraph B., no claim for damages or any claim other than for an extension of time, provided solely at the discretion of the DISTRICT, shall be made or asserted against the DISTRICT by reason of any delays caused by scheduling and coordination of work of separate prime CONTRACTORS.

- D. The CONTRACTOR shall not be entitled to an increase in the CONTRACT Amount or payment or compensation of

any kind from the DISTRICT for costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause caused by scheduling and coordination of work of separate prime CONTRACTORS, provided, however, that this provision shall not preclude recovery or damages by the CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of the DISTRICT or its authorized agents. Otherwise, the CONTRACTOR shall be entitled only to extensions of the CONTRACT Time as the sole exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided herein.

ARTICLE 13 - WARRANTY AND GUARANTEE, TESTS AND INSPECTIONS, CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

13.01 Warranty and Guarantee: CONTRACTOR warrants and guarantees that all Work shall be in accordance with the CONTRACT Documents and will not be defective. All defective Work, whether or not in place, may be rejected, corrected or accepted as provided in this Article and Article 6.19. The obligations of CONTRACTOR under this paragraph shall be in addition to and not in limitation of any obligation imposed upon it by special guarantees required by the CONTRACT Documents or otherwise prescribed by Laws or Regulations.

13.02 Access to Work: DISTRICT, DESIGN ENGINEER, its representatives, testing agencies and governmental entities with jurisdiction shall be permitted access to the Work for its observation, inspection and testing. CONTRACTOR shall provide proper and safe conditions for such access.

13.03 Tests and Inspections

- A. CONTRACTOR shall give DISTRICT timely notice of readiness of the Work for all required inspections, tests or approvals. Inspections, tests or observations by CONSTRUCTION MANAGER, DESIGN ENGINEER, DISTRICT or its agents may be performed at its discretion to provide information to the DISTRICT on the progress of the Work. However, such information is not intended to fulfill the CONTRACTOR's obligations in accordance with the CONTRACT Documents.

- B. If any Law, Ordinance, Rule, Regulation, code or order of any public body, government entity or court having jurisdiction requires any Work (or part thereof) to specifically be inspected, tested or approved, CONTRACTOR shall assume full responsibility therefore, pay all related costs, schedule related activities at appropriate times, and furnish DISTRICT the required certificates of inspection, testing or approval. CONTRACTOR shall also be responsible for and shall pay all costs, in connection with any inspection or testing required in connection with DISTRICT's or DESIGN ENGINEER's acceptance of a proposed manufacturer, fabricator, supplier or distributor of materials or equipment proposed to be incorporated in the Work, or of material or equipment submitted for approval prior to CONTRACTOR's purchase thereof for

incorporation of the Work. All inspections, tests or approvals shall be performed by persons or organizations acceptable to DISTRICT.

- C. The CONTRACTOR shall perform sufficient testing and inspection of the Work to support the Warranty and Guarantee requirements.
- D. Neither observations by DESIGN ENGINEER or DISTRICT nor inspections, tests or approvals by others shall relieve CONTRACTOR from its obligations to perform the Work in accordance with the CONTRACT Documents.
- E. If any testing, inspection or approval under this paragraph reveal defective Work, CONTRACTOR shall not be allowed to receive any associated costs and DISTRICT shall be entitled to deduct from the CONTRACT Price, by issuing a Change Order, DISTRICT's costs arising out of the defective Work, including costs of repeated procedures, compensation for DISTRICT's and DESIGN ENGINEER's services and other related costs.

13.04 *Uncovering Work*

- A. If any Work that is to be inspected, tested or approved is covered without written concurrence of DISTRICT, it must, if requested by DISTRICT, be uncovered for observation. Such uncovering shall be at CONTRACTOR's expense and will exclude the right to an increase in the CONTRACT Price or CONTRACT Times unless CONTRACTOR has given DISTRICT timely written notice of CONTRACTOR's intention to cover such Work and DISTRICT has not acted with reasonable promptness in response to such notice.
- B. If DISTRICT considers it necessary or advisable that covered Work be observed by DISTRICT or inspected or tested by others, CONTRACTOR, at DISTRICT's request, shall uncover, expose or otherwise make available for observation, inspection or testing as DISTRICT may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, CONTRACTOR shall bear all the expenses of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, including compensation for additional professional services, any additional expenses experienced by the DISTRICT due to delays to others performing additional work, other contractual obligations, and attorneys' fees and DISTRICT shall be entitled to issue an appropriate deductive Change Order. CONTRACTOR shall further bear the responsibility for maintaining the schedule and will not be allowed an increase in CONTRACT Price or CONTRACT Time due to the uncovering. If, however, such Work is not found to be defective, and paragraph 13.04.A is not applicable, CONTRACTOR shall be allowed an increase in the CONTRACT Price or the CONTRACT Time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction if it makes a claim therefore as provided in Article 10.

13.05 *Correction or Removal of Defective Work:*

CONTRACTOR shall immediately, without cost to DISTRICT and as specified by DISTRICT, either correct any defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by DISTRICT, remove it from the site and replace it with conforming Work. The CONTRACTOR shall bear the cost of repairing or replacing all Work and property of the DISTRICT or others destroyed or damaged or in any way impacted by such correction or removal.

13.06 *Acceptance of Defective Work*

- A. If, instead of requiring correction or removal and replacement of defective Work, DISTRICT prefers to accept it, DISTRICT may do so. In such case, if acceptance occurs prior to Final Payment, DISTRICT shall be entitled to issue a Change Order incorporating the necessary revisions in the CONTRACT Documents, including appropriate reduction in the CONTRACT Price. If the acceptance occurs after such Final Payment, an appropriate amount shall be paid by CONTRACTOR to DISTRICT.
- B. DISTRICT shall employ the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the CONTRACT Documents except:
 - 1. for inspections, tests, or approvals covered by paragraphs 13.03.B;
 - 2. that costs incurred in connection with tests or inspections conducted pursuant to paragraph 13.04.B shall be paid as provided in said paragraph 13.04.B; and;
 - 3. as otherwise specifically provided in the CONTRACT Documents.

13.07 *DISTRICT May Correct Defective Work*

- A. If CONTRACTOR fails within ten (10) days after written notice from DISTRICT to correct defective Work or to remove and replace rejected Work as required by DISTRICT in accordance with the Contract Documents, or if CONTRACTOR fails to perform the Work in accordance with the Contract Documents, or if CONTRACTOR fails to comply with any other provision of the Contract Documents, DISTRICT may correct and remedy any such deficiency.
- B. In exercising the rights and remedies under this Article, DISTRICT shall proceed expeditiously. In connection with such corrective and remedial action, DISTRICT may exclude CONTRACTOR from all or part of the Site, take possession of all or part of the Work, and suspend CONTRACTOR's services related thereto, take possession of CONTRACTOR's tools, appliances, construction equipment and machinery at the Site, and incorporate in the Work all materials and equipment stored at the Site or for which DISTRICT has paid CONTRACTOR but which are stored elsewhere. CONTRACTOR shall allow DISTRICT, DISTRICT's Consultant, DISTRICT's representatives, agents, employees, and other contractors access to the Site to enable DISTRICT to exercise the rights and remedies under this Article.
- C. All costs, losses, and damages (included but not limited to fees and charges of engineers, architects, attorneys and other professionals, all court or arbitration or other dispute

resolution costs and all costs of repair or replacement of work of others) incurred or sustained by DISTRICT in exercising such rights and remedies under this Article will be charged against CONTRACTOR and a Change Order will be issued incorporating the necessary revisions in the Contract Documents, and DISTRICT shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount thereof, DISTRICT may make a Claim therefore.

- D. CONTRACTOR shall not be allowed an extension of the Contract Times (or Milestones) because of any delay in the performance of the Work attributable to the exercise by DISTRICT of DISTRICT's rights and remedies under this Article.

13.08 *Warranty Period*

- A. The Warranty Period shall commence on the date of Substantial Completion of the entire Work or any part of the Work as designated by the DISTRICT, or a later date if so specified in the CONTRACT Documents, and extend until one (1) year after that date (or whatever longer period may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee, Supplemental Conditions, or specific provision of the CONTRACT Documents.) CONTRACTOR's obligation under this paragraph are in addition to any other obligation or warranty. The provisions of this paragraph shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitation or repose.
- B. If within the designated Warranty Period, the Work, or any part of the Work, is discovered to be defective, CONTRACTOR shall immediately, without an adjustment in CONTRACT Price and in accordance with DISTRICT's written instructions, either correct that defective Work, or if it has been rejected by DISTRICT, remove it from the site and replace it with non-defective Work. If circumstances warrant it, including, but not limited to, in an emergency, DISTRICT may have the defective Work corrected or the rejected Work removed and replaced. In that event, CONTRACTOR shall not be allowed to recover any associated costs, and it shall reimburse DISTRICT for all direct, indirect and consequential costs of DISTRICT, or DISTRICT shall be entitled to issue a Change Order to incorporate an appropriate decrease in CONTRACT Price if prior to Final Payment. DISTRICT shall reserve and retain all of its rights and remedies at law and equity against CONTRACTOR and its Surety for damages and for corrections of any and all latent defects.

13.09 *Warranty Period and Guarantees*

- A. DISTRICT may at its sole discretion advance or defer the date of commencement of the Warranty Period, in which case CONTRACTOR shall maintain the warranties and guarantees in full force and effect until the revised date for commencement of the Warranty Period. If such advancement or deferral in the date for commencement of the Warranty Period causes an increase or decrease in the cost of the

warranties and guarantees provided by CONTRACTOR, DISTRICT shall make an adjustment in CONTRACT Price or CONTRACT Times, as provided in Article 12.

- B. In circumstances where DISTRICT undertakes Partial Utilization of a portion of the Work which was specifically identified in the CONTRACT Documents, CONTRACTOR shall maintain the warranties and guarantees in full force and effect during the period between the applicable commencement of Partial Utilization date, and the date of commencement of the Warranty Period, and for such warranties and guarantees CONTRACTOR shall receive no adjustment in CONTRACT Price.
- C. In special circumstances where CONTRACTOR fails to complete the Work, or a separable portion of the Work within the corresponding CONTRACT Time, including any authorized adjustments, and DISTRICT undertakes Partial Utilization , CONTRACTOR shall maintain the warranties and guarantees in full force and effect during the period between the applicable commencement of Partial Utilization date, and the date of commencement of the Warranty Period, and for such warranties and guarantees CONTRACTOR shall receive no adjustment in CONTRACT Price.

13.10 *Special Maintenance Requirements:* In special circumstances where the Work, or a designated part, reaches Substantial Completion, but as provided in the CONTRACT Documents, is not placed in continuous service until the commencement of the Warranty Period, CONTRACTOR shall maintain the Work, or designated part, in good order and in proper working condition, provide suitable drainage, and take all other actions as are necessary for its protection during the period between the applicable Substantial Completion date and the date of commencement of the Warranty Period, and for such maintenance CONTRACTOR shall receive no adjustment in CONTRACT Price. In the event that Work suffers loss or damage, however caused, CONTRACTOR shall rebuild, repair, restore, and make good without an increase in CONTRACT Price all losses or damages to any portion of any Work and shall without an increase in CONTRACT Price provide suitable drainage and erect such temporary structures and take all other actions as are necessary for its protection. Suspension of Work or the granting of an extension in CONTRACT Time for any cause shall not relieve CONTRACTOR of its responsibility for the Work, or designated part, as specified in this paragraph.

13.11 *Extended Warranty Period Due to Defective Work:* Any defective Work that is either corrected or rejected and replaced will be warranted and guaranteed for a period of one (1) year from the date of acceptance of such correction or removal and replacement, even if it had previously been corrected or replaced, in accordance with the provisions of this Article 13. If within such extended Warranty Period, that Work is once again found to be defective, DISTRICT shall be entitled to all of DISTRICT's rights and remedies under this Article.

ARTICLE 14 – CONTRACT PRICE / INDEMNIFICATION, PAYMENTS TO CONTRACTOR AND COMPLETION

- A. The DISTRICT shall pay CONTRACTOR for performance of the Work in accordance with the CONTRACT Documents on

the basis of the prices indicated on the Bid Form.

- B. The total consideration, for the full and complete performance under this CONTRACT, shall be as indicated on the cover/signature page of this CONTRACT, subject only to any additions and/or deductions as provided in the CONTRACT Documents and formally approved by the DISTRICT.
- C. For value received, which is hereby acknowledged, the CONTRACTOR shall indemnify and hold the DISTRICT, its officers and employees harmless from liabilities, damages, losses and costs, including, but not limited to reasonable attorneys' fees, to the extent caused by the negligence, recklessness or intentionally wrongful conduct of the CONTRACTOR and other persons employed or utilized by the CONTRACTOR in the performance of the CONTRACT.
- D. In the event the CONTRACTOR subcontracts any part or all of the work hereunder to any third party, the CONTRACTOR shall require each and every subcontractor to identify the DISTRICT as an additional insured on all insurance policies as required. Any contract awarded by CONTRACTOR for work under this Agreement shall include a provision whereby the subcontractor agrees to defend, indemnify, and pay on behalf, save and hold the DISTRICT harmless from all damages arising in connection with the subcontract.
- E. The CONTRACTOR further acknowledges that it is solely responsible for ensuring its compliance and the compliance of its subcontractors, suppliers, agents, assigns, invitees and employees with the terms of this CONTRACT. This paragraph shall survive the expiration of termination of this CONTRACT.
- F. Notwithstanding the foregoing, the amount expended under this CONTRACT shall be paid in accordance with, and subject to the multi-year funding allocations for each DISTRICT fiscal year indicated on the cover/signature page of this CONTRACT. Funding for each applicable fiscal year of this CONTRACT is subject to DISTRICT Governing Board budgetary appropriation. In the event the DISTRICT does not approve funding for any subsequent fiscal year, this CONTRACT shall terminate upon expenditure of the current funding, notwithstanding other provisions in this CONTRACT to the contrary. The DISTRICT will notify the CONTRACTOR in writing after adoption of the final DISTRICT budget for each subsequent fiscal year if funding is not approved for this CONTRACT.

14.01 Prompt Payment Procedures

- A. All pay requests shall reference the DISTRICT'S CONTRACT Number, and shall follow the same format as shown on the Application for Payment provided in the Bidding Documents, and shall be in accordance with the terms specified in the General Terms & Conditions.
- B. CONTRACTOR shall submit Applications for Payment in accordance with this Article.
- C. DISTRICT shall make progress payments on the basis of CONTRACTOR'S Applications for Payment as recommended by CONSTRUCTION MANAGER, in accordance with this Article and pursuant to applicable

Florida Statutes.

- 1. Progress payments will be in an amount equal to 95% of the Work completed in place, and at the option of the DISTRICT, the DISTRICT may pay an amount equal to 95% of materials and equipment not incorporated in the Work in place but delivered and suitably stored on site, less in each case the aggregate of payments previously made. In no event shall payments for materials and equipment stored exceed 95% of the value of the related cost for the specific item of work in place shown in the Cost-Loaded Construction Schedule regardless of the stated value of the materials or equipment. DISTRICT may, at its sole option, pay an amount equal to 95% of materials and equipment not incorporated in the Work stored offsite if stored in a manner acceptable to DISTRICT, as stated above for on-site stored materials. When payment to CONTRACTOR is made for stored materials and equipment, CONTRACTOR shall submit invoices marked paid by the supplier with the next month's request for payment to document that CONTRACTOR has paid for said materials and equipment or the previously paid amount for stored materials shall be deducted from any remaining payment(s) or retainage for any stored materials not so properly documented.
- D. Upon final completion and acceptance of the Work in accordance with paragraph 14.07 of the General Terms & Conditions, DISTRICT shall pay the remainder of the CONTRACT Price.
- E. It is the policy of the DISTRICT that payment for all goods and services shall be made in a timely manner and that interest payments are made on late payments. In accordance with Florida Statutes, Section 218.70, Florida Prompt Payment Act, a "proper" invoice (Application for Payment) is defined as an invoice (Application for Payment) that conforms to all statutory requirements and all DISTRICT requirements as specified in the CONTRACT for invoice (Application for Payment) submission. The time at which payment shall be due from the DISTRICT shall be twenty (20) business days (or twenty-five [25] business days if DISTRICT agent approval is required) from receipt of a proper invoice (Application for Payment) and acceptance of services, based on compliance with the statutory requirements set forth in Section 218.70, F.S. and upon satisfaction of the DISTRICT conditions as detailed in the CONTRACT.
- F. Failure of the CONTRACTOR to follow the instructions set forth in the CONTRACT regarding a proper invoice (Application for Payment) and acceptable services may result in an unavoidable delay in payment by the DISTRICT.
- G. Any early payment discount offered by the CONTRACTOR shall be clearly indicated on the invoice (Application for Payment), including the percentage of the discount and the time period for which the discount is valid. The DISTRICT reserves the option to accept such early payment discounts.

14.02 Progress Payments

A. Applications for Payments

- 1. At least twenty (20) business days before the date established

for each progress payment (but not more often than once a month), CONTRACTOR shall submit to CONSTRUCTION MANAGER for review an Application for Payment filled out and signed by CONTRACTOR covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the CONTRACT Documents. Refer to Form 00940-4 "Construction Invoice Checklist".

2. Each application for payment shall be accompanied by the *DISTRICT's SBE UTILIZATION REPORT* included herein (if SBE subcontractor(s) used).
3. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that DISTRICT has received the materials and equipment free and clear of all Liens and evidence that the materials and equipment are covered by appropriate property insurance or other arrangements to protect DISTRICT's interest therein, all of which must be satisfactory to the DISTRICT.
4. Beginning with the second Application for Payment, each Application shall include an affidavit of CONTRACTOR stating that all previous progress payments received on account of the Work have been applied in full to discharge CONTRACTOR's obligations associated with prior Applications for Payment.
5. The amount of retainage with respect to progress payments will be as stipulated in this Article 14.

B. Review of Applications

1. DISTRICT will, after receipt of each Application for Payment, either make payment or return the Application to CONTRACTOR, indicating in writing the DISTRICT's reasons for refusing to make payment. In the latter case, CONTRACTOR may make the necessary corrections and resubmit the Application.
2. DISTRICT may refuse to make the whole or any part of any payment if, in DISTRICT's opinion, it would be incorrect to make such payment because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment previously made, to such extent as may be necessary in DISTRICT's opinion to protect DISTRICT from loss because:
 - a. the Work is defective, or completed Work has been damaged, requiring correction or replacement;
 - b. the CONTRACT Price has been reduced by Written Amendment or Change Orders;
 - c. DISTRICT has been required to correct defective Work or complete Work in accordance with Article 13; or
 - d. DISTRICT has actual knowledge of the occurrence of any of the events enumerated in Article 15.01, Article 15.02, Article 15.03 and Article 15.04."
 - e. CONTRACTOR fails to comply with the SBE requirements as stated in the CONTRACT;
 - f. CONTRACTOR fails to comply with progress schedule updates in keeping with GENERAL REQUIREMENTS.

- g. CONTRACTOR has failed to comply with Article 4.01, A.3.

C. Reduction in Payment

1. DISTRICT may refuse to make payment of the full amount because:
 - a. Claims have been made against DISTRICT based on CONTRACTOR's performance or furnishing of the Work;
 - b. Liens have been filed in connection with the Work, except where CONTRACTOR has delivered a specific Bond satisfactory to DISTRICT to secure the satisfaction and discharge of such Liens;
 - c. There are other items entitling DISTRICT to an off-set against the amount recommended, including the assessment of liquidated damages; or
 - d. DISTRICT has actual knowledge of the occurrence of any of the events enumerated in paragraphs 14.02.B.2.a through 14.02.B.2.h or if the CONTRACTOR is otherwise in breach.
2. If DISTRICT refuses to make payment of the full amount, DISTRICT must give CONTRACTOR written notice stating the reasons for such action and pay CONTRACTOR any amount remaining after deduction of the amount so withheld. DISTRICT shall pay CONTRACTOR the amount so withheld, or any adjustment thereto agreed to by DISTRICT and CONTRACTOR, when CONTRACTOR corrects to DISTRICT's satisfaction the reasons for such action.
3. The CONTRACTOR waives all claims against the DISTRICT other than those previously made in writing and still unsettled.

14.03 *CONTRACTOR's Warranty of Title:* CONTRACTOR warrants and guarantees that title to all Work, materials, and equipment covered by any Application for Payment, whether incorporated in the Project or not, will pass to DISTRICT no later than the time of final payment free and clear of all Liens.

14.04 Substantial Completion

This section does not require the DISTRICT to pay or release any amounts that are the subject of a good faith dispute made in writing pursuant to the CONTRACT or, the subject of a claim brought pursuant to s. 255.05, Florida Statutes. Prior to issuance of the certificate of Substantial Completion, the CONTRACTOR and the DISTRICT shall follow the requirements of s. 218.735, Florida Statutes including all time limits stated within it to develop a list of items (punch list) and the estimated cost to complete each item on the list, consistent with the Schedule of Values comprising the Contract Price, that are required to render complete, satisfactory, and acceptable the construction services purchased by the DISTRICT, including:

- a) The responsibilities of the DISTRICT and the CONTRACTOR in determining a reasonable time for developing and reviewing the list; and
- b) The cost to complete each item on the list.
- c) The DISTRICT and CONTRACTOR will agree upon a mutually agreeable date and time to inspect the site together along with any key sponsors and constituents to develop the

Punch List and this process will be repeated until a final Punch List for the Project (or applicable portion of the Project, in the event of a phased Project) is timely created. Within 5 days after the final Punch List is created, it will be typewritten by the DISTRICT and attached to the Certificate of Substantial Completion and emailed to the CONTRACTOR for its resolution and CONTRACTOR, immediately upon receipt of this final Punch List, shall also submit a payment request for the remaining Contract balance that includes all retainage previously withheld by the DISTRICT less an amount equal to 150 percent of the estimated cost to complete the items on the final Punch List.

- d) The date of the first Substantial Completion Inspection establishes the official date of Substantial Completion for the Project, if a final Punch List is successfully created. In the instance that there are no Punch List items, the CONTRACTOR and DISTRICT will reach agreement on the date of Substantial Completion to be reflected in the Certificate, which will be issued without an attached Punch List. In either case, the CONTRACTOR will then proceed toward Contract Closeout inclusive of all documentary requirements of the CONTRACT.
- e) For multi-phased construction projects or projects with services on more than one building or structure, the final Punch List shall be developed for each building, structure, or phase of the project within the time limitations corresponding to the estimated project cost provided in s. 218.735, Florida Statutes.
- f) The CONTRACTOR shall not be relieved of its duties and responsibilities to complete all construction services purchased pursuant to the contract, in the event the parties fail to include certain corrective work or pending on the final Punch List. All items that require correction under the contract which are identified after the preparation and delivery of the final Punch List shall remain the obligation of the contractor as defined by the contract.
- g) Upon completion of all items on the final Punch List, the CONTRACTOR may submit a payment request for the amount withheld by the District. However, if a good-faith dispute exists, the DISTRICT may continue to withhold an amount not to exceed 150 percent of the total costs to complete such disputed items.

Warranty items may not affect the final payment of retainage as provided in this section or as provided in the contract between the contractor and its subcontractors and suppliers.

- a. When CONTRACTOR considers the entire Work, or an agreed upon portion thereof, ready for its intended use, and has satisfied all prerequisites to Substantial Completion contained in the GENERAL REQUIREMENTS the CONTRACTOR shall notify CONSTRUCTION MANAGER certifying in writing that the entire Work is substantially complete (except for items specifically listed by CONTRACTOR as incomplete), submit to DISTRICT all operation and maintenance manuals and instructions and spare parts required by the CONTRACT Documents, and request that the DISTRICT issue a certificate of Substantial Completion. Promptly thereafter, DISTRICT, CONTRACTOR, and CONSTRUCTION MANAGER shall

make an inspection of the Work to determine the status of completion. If CONSTRUCTION MANAGER or DISTRICT does not consider the Work substantially complete, CONSTRUCTION MANAGER will notify CONTRACTOR in writing giving the reasons therefore. If and when the DISTRICT considers the Work substantially complete, which process may involve multiple inspection days, CONSTRUCTION MANAGER will prepare a certificate of Substantial Completion which shall fix the date of Substantial Completion as of the date of the first Substantial Completion Inspection.

- b. There shall be attached to the certificate a list of items (the final Punch List), which should be minor in scope and nature, to be completed or corrected before final payment. CONTRACTOR shall have thirty (30) days after receipt of the certificate and final Punch List to complete or correct items to the satisfaction of the DISTRICT.
- c. DISTRICT shall have the right to exclude CONTRACTOR from the Site after the date of Substantial Completion, but DISTRICT shall allow CONTRACTOR reasonable access to complete or correct items on the final Punch List.

14.05 *Partial Utilization of Completed Work*

- A. Use by DISTRICT at its option of any substantially completed part of the Work which has specifically been identified in the CONTRACT Documents, or which DISTRICT, and CONTRACTOR agree constitutes a separately functioning and usable part of the Work that can be used by DISTRICT for its intended purpose without significant interference with CONTRACTOR's performance of the remainder of the Work, may be accomplished prior to Substantial Completion of all the Work subject to the following conditions.
 - 1. DISTRICT at any time may request to the CONTRACTOR in writing for the DISTRICT to use any such part of the Work. If CONTRACTOR agrees that such part of the Work is substantially complete, CONTRACTOR will certify in writing to DISTRICT that such part of the Work is substantially complete and request DISTRICT to issue a certificate of Substantial Completion for that part of the Work. CONTRACTOR at any time may notify DISTRICT and CONSTRUCTION MANAGER in writing that CONTRACTOR considers any such part of the Work ready for its intended use and substantially complete and request CONSTRUCTION MANAGER to issue a certificate of Substantial Completion for that part of the Work.
 - 2. Within a reasonable time after either such request, DISTRICT, CONTRACTOR, and CONSTRUCTION MANAGER shall make an inspection of that part of the Work to determine its status of completion. If CONSTRUCTION MANAGER or DISTRICT does not consider that part of the Work to be substantially complete, CONSTRUCTION MANAGER will notify DISTRICT and CONTRACTOR in writing giving the reasons therefore. If CONSTRUCTION MANAGER considers that part of the Work to be substantially complete, the provisions of paragraph 14.04 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.
- B. No occupancy or separate operation of part of the Work may

occur prior to compliance with the requirements of Article 5 regarding Insurance.

14.06 *Final Inspection:* Upon written notice from CONTRACTOR that the entire Work or an agreed portion thereof is complete, and that the CONTRACTOR has satisfied all prerequisites to Final Inspection contained in the GENERAL REQUIREMENTS, CONSTRUCTION MANAGER will promptly make a final inspection with DISTRICT and CONTRACTOR and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the Work is incomplete, non-conforming or defective. CONTRACTOR shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies, and notify CONSTRUCTION MANAGER upon completion.

14.07 *Final Payment*

A. *Application for Payment*

CONTRACTOR may make application for final payment following the procedure for progress payments.
 2. The final Application for Payment shall be accompanied (except as previously delivered) by:
 - a. all documentation called for in the CONTRACT Documents;
 - b. original consent of the surety, if any, to final payment provided here-in;
 - c. original contractor's affidavit and final release;
 - d. complete and legally effective releases or waivers (satisfactory to DISTRICT) of all Lien rights arising out of or Liens filed in connection with the Work; and

 - f. the *DISTRICT's FINAL SBE UTILIZATION REPORT* form included herein;
 - g. certification that the District furnished keys (Article 4.01 A.3.) have been returned to the District.
- B. *Review of Application and Acceptance:* If, on the basis of CONSTRUCTION MANAGER's observation of the Work during construction and final inspection, and CONSTRUCTION MANAGER's review of the final Application for Payment and accompanying documentation as required by the CONTRACT Documents, CONSTRUCTION MANAGER and DISTRICT are

satisfied that the Work has been completed and CONTRACTOR's other obligations under the CONTRACT Documents have been fulfilled, DISTRICT will make payment. Otherwise, CONSTRUCTION MANAGER will return the Application for Payment to CONTRACTOR, indicating in writing the reasons for refusing to recommend final payment, in which case CONTRACTOR shall make the necessary corrections and resubmit the Application for Payment.

14.08 *Incentive Payment*

- A. Each incentive payment will be invoiced and paid separately from all other Contract payments. Incentive Payments for early completion may be billed, and will be paid, only after completion and acceptance by the District of the Work.
- B. This Contract is not intended to confer any rights or remedies upon any other persons other than the parties hereto.

Further, any and all costs or impacts whatsoever incurred by the Contractor in accelerating the Contractor's work to overcome or absorb such delays or events in an effort to complete the Work by the Substantial Completion Date, regardless of whether the Contractor successfully does so or not, shall be the sole responsibility of the Contractor in every instance.
- D. In the event of a catastrophic event (i.e. hurricane or a declared state of emergency) directly and substantially affecting the Contractor's operations on the Contract, the District will unilaterally determine the number of calendar days, if any, to extend the Substantial Completion Date if the District deems it reasonably necessary and due solely to such catastrophic event. The Contractor shall have no right whatsoever to contest such determination.
- E. The Contractor shall have no rights under the Contract to make any claim arising out of this Incentive Payment except as is expressly set forth in this Article.
- F. As conditions precedent to the Contractor's entitlement to any Incentive Payment the Contractor must:

This waiver, release and acknowledgement of satisfaction shall be all-inclusive and absolute.

Such delays or events and their potential impacts on performance by the Contractor are specifically contemplated and acknowledged by the parties in entering into this Contract, and shall not extend the Milestone Date for the purposes of calculation of the Incentive Bonus as set forth herein, Further, any and all costs or impacts whatsoever incurred by the Contractor in accelerating the Contractor's work to overcome or absorb such delays or events in an effort to attain Incentive Bonus or to complete the Work by the Milestone Date, regardless of whether the Contractor successfully does so or not, shall be the sole responsibility of the Contractor in every instance.

- D. In the event of a catastrophic event (i.e. hurricane or a declared state of emergency) directly and substantially affecting the Contractor's operations on the Contract, the District will unilaterally determine the number of calendar days, if any, to extend the Milestone Date if the District deems it reasonably necessary and due solely to such catastrophic event. The Contractor shall have no right whatsoever to contest such determination.
- E. The Contractor shall have no rights under the Contract to make any claim arising out of this Incentive Bonus except as is expressly set forth in this Article.

15.01 DISTRICT May Stop the Work

- A. If the Work is defective and the CONTRACTOR has been notified by CONSTRUCTION MANAGER or DISTRICT, or if CONTRACTOR fails to furnish or perform the Work in such a way that the completed Work will conform to the CONTRACT Documents, or if CONTRACTOR fails to supply sufficient supervisory personnel or skilled workmen or suitable materials or equipment, or if CONTRACTOR fails to obtain, maintain or renew insurance in conformance with the CONTRACT Documents in a form acceptable to DISTRICT, or if any insurance or surety company CONTRACTOR has obtained insurance or bonds from declares bankruptcy or is declared bankrupt, or if CONTRACTOR fails to prosecute the Work or endangers persons or property, DISTRICT may order CONTRACTOR to stop the Work, or any portion thereof, until the cause for such order has been eliminated. DISTRICT's order to stop the Work may be communicated through CONSTRUCTION MANAGER or by DISTRICT. This right of DISTRICT to stop the Work shall not give rise to any duty on the part of DISTRICT or CONSTRUCTION MANAGER to exercise this right for the benefit of CONTRACTOR or any other party. CONTRACTOR shall bear all direct, indirect, and consequential costs of such order to stop the Work (including but not limited to fees and charges of engineers, attorneys and other professionals, any additional expenses incurred by DISTRICT due to delays to others performing work under a separate CONTRACT with DISTRICT, and other obligations), and CONTRACTOR shall further bear the responsibility for maintaining the Progress Schedule and shall not be entitled to any extension of CONTRACT Time or increase in the CONTRACT Price. DISTRICT shall be entitled to deduct any expenses so incurred from the CONTRACT Price by issuing a Change Order.
- B. The DISTRICT's CONSTRUCTION MANAGER or delegate may, but is not required to, order the Work be stopped if an Immediate Danger to Life and Health (IDLH) is believed to exist. Nothing shall be construed to shift responsibility or risk of loss for injuries or damages, cost of stoppage or delay of work, from the CONTRACTOR to the DISTRICT.

15.02 Suspension for Convenience

- A. Without invalidating the CONTRACT, and without notice to any surety, DISTRICT may, at any time, order CONTRACTOR in writing to stop, delay or interrupt Work

for such a period of time as DISTRICT may deem appropriate. Upon receipt of that order, CONTRACTOR shall immediately proceed in accordance with any specific provisions or instructions, protect and maintain the Work, and make reasonable and diligent efforts to mitigate costs associated with the suspension order.

- B. In the event said suspension of work by the DISTRICT, is deemed by the DISTRICT in its sole discretion to be unreasonable, then an adjustment may be made for documented increases in the cost of performance of this CONTRACT necessarily caused by the unreasonable suspension, and the CONTRACT modified in writing accordingly. However, regardless of the reason for suspension, the DISTRICT shall not be liable for (a) profit on additional costs, (b) loss of anticipated profit, (c) indirect expenses, (d) impact costs, (e) loss of productivity, (f) inefficiency costs, (g) home-office overhead, (h) consequential costs in connection with such suspension. Further, no adjustment shall be made under this paragraph for any suspension, to the extent that performance would have been suspended, delayed, or interrupted by any other cause, including the fault or negligence of the CONTRACTOR, or for which an equitable adjustment is provided for or excluded under any other term or condition of this CONTRACT. Claims by the CONTRACTOR for change in the time for performance or an adjustment of the CONTRACT Price, due to work suspensions ordered by the DISTRICT shall be made in accordance with the requirements of Articles 10 & 11. The CONTRACTOR shall use all means to minimize the consequences of such suspension.

15.03 Termination for Cause

It is the policy of the DISTRICT to encourage good business practices by requiring contractors to materially perform in accordance with the terms and conditions of the DISTRICT CONTRACT. In accordance with DISTRICT Rule 40E-7.215 (5), F.A.C., "material breach" is defined as any substantial, unexcused non-performance by failing to perform an act that is an important part of the transaction or performing an act inconsistent with the terms and conditions of the CONTRACT.

If the CONTRACTOR materially fails to fulfill its obligations under this CONTRACT, the DISTRICT will provide written notice of the deficiency by forwarding a Cure Notice citing the specific nature of the material breach. The CONTRACTOR shall have thirty (30) days to cure the breach. If the CONTRACTOR fails to cure the breach within the thirty (30) day period, the DISTRICT shall issue a Termination for Default Notice. Once the DISTRICT has notified the CONTRACTOR that it has materially breached its CONTRACT with the DISTRICT, by sending a Termination for Default Notice, the DISTRICT's Governing Board shall determine whether the CONTRACTOR should be suspended from doing future work with the DISTRICT, and if so, for what period of time. The DISTRICT's Governing Board will consider the factors detailed in Rule 40E-7.218, F.A.C. in making a determination as to whether a CONTRACTOR should be suspended, and if so, for what period of time. Should the DISTRICT terminate for default in accordance with this provision, the DISTRICT shall be entitled to recover procurement costs in addition to all other remedies under law and/or equity. If CONTRACTOR leaves the site at any time

during the thirty (30) day period, DISTRICT shall have the right to secure the site to protect the property from damage and to insure the health and safety of the public.

- A. CONTRACTOR. DISTRICT shall be entitled to deduct these costs from the CONTRACT Price by issuing a Change Order.
- B. After terminating the CONTRACTOR and to the extent permitted by laws and regulations, the DISTRICT may exclude CONTRACTOR from the site and take possession of the Work and of all CONTRACTOR's tools, appliances, construction equipment and machinery at the site and use the same to the full extent they could be used by CONTRACTOR (without liability to CONTRACTOR or DISTRICT for trespass or conversion), incorporate in the Work all materials and equipment stored at the site or for which DISTRICT has paid CONTRACTOR but which are stored elsewhere, and finish the Work as DISTRICT may deem expedient. CONTRACTOR shall assign all of its interest in any or all Subagreements to DISTRICT upon DISTRICT's request. In such case CONTRACTOR shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the CONTRACT Price exceeds the direct, indirect and consequential costs of completing the Work (including but not limited to fees and charges of engineers, architects, attorneys and other professionals and court and arbitration costs including costs for appellate proceedings) such excess will be paid to CONTRACTOR. If such costs exceed such unpaid balance, CONTRACTOR shall pay the difference to DISTRICT.
- C. Notwithstanding the above notice period, in the event of an emergency, the DISTRICT may take over the site and perform any or all of the activities set out above immediately. DISTRICT shall provide notice of such takeover within 24 hours after its occurrence.
- D. Where CONTRACTOR's services have been terminated by DISTRICT, the termination shall not affect any rights of DISTRICT against CONTRACTOR then existing or which may thereafter accrue. Any retention or payment due CONTRACTOR by DISTRICT will not release CONTRACTOR from liability.
- E. In the event of such termination, the surety shall have the right to take over and complete the work, provided that if the surety does not commence performance within twenty (20) days after receipt of written notice from the DISTRICT to CONTRACTOR and Surety, the DISTRICT may take over and prosecute the work to completion, at the CONTRACTOR's and Surety's expense, by CONTRACT or otherwise. Upon the termination of the services of CONTRACTOR, the DISTRICT shall exclude CONTRACTOR from the Site, and take possession of the Work.

15.04 Termination for Convenience

- A. DISTRICT may, without prejudice to any other right or remedy, terminate this CONTRACT in whole or in part at any time for its convenience by giving CONTRACTOR and surety seven (7) days written notice. DISTRICT shall have

the right, in that event, to take over any or all of CONTRACTOR's materials (whether stored on or off site), supplies, equipment, Subagreements or other obligations to complete the Work and CONTRACTOR shall assign them to DISTRICT upon DISTRICT's request. CONTRACTOR shall proceed to complete any part of the Work, as directed by DISTRICT, and shall settle all its claims and obligations under the CONTRACT.

- B. In any such termination for the convenience of DISTRICT, CONTRACTOR shall be paid for Work completed in accordance with the CONTRACT Documents prior to receipt of the notice of termination, and for termination settlement costs that in the District's sole discretion relate to commitments which had become firm prior to the termination. Any payment made to CONTRACTOR after the termination and as settlement of any claim submitted by the CONTRACTOR as a result of the termination for convenience will exclude any and all anticipated supplemental costs, administrative expenses overhead and profit. CONTRACTOR shall justify its claims as requested by DISTRICT with thorough, accurate records and data.

15.05 Suspension of Contractor for Material Breach of DISTRICT Contracts

- A. Pursuant to Rule 40E-7.218, F.A.C. the DISTRICT's Governing Board, upon recommendation by the Procurement Bureau Chief, may temporarily or permanently suspend CONTRACTORS from doing business with the DISTRICT whenever a CONTRACTOR materially breaches its CONTRACT with the DISTRICT. Any bid submitted by a bidder shall not be considered where either the bidder or its proposed subcontractors are included on the DISTRICT's Suspension List.
- B. During the term of any contract, CONTRACTOR shall have an ongoing obligation to fully inform the DISTRICT by providing immediate written notice of any suspension or debarment proceedings that it, or any of its affiliates are presently involved with or were involved with, including any with Federal, State or local agencies.
- C. CONTRACTOR shall have an ongoing obligation to fully inform the District by providing immediate written notice of any prosecution, conviction, or finding of guilt of the CONTRACTOR, any director, or officer of the CONTRACTOR or any of its affiliates, by a Federal, State or Local tribunal or other public agency.

DISTRICT's written decision on such Claim, dispute, or other matter will be final and binding upon DISTRICT and CONTRACTOR unless an appeal from DISTRICT's decision is taken within the time limits and in accordance with the dispute resolution procedures set forth in Article 16. ARTICLE 20 – PARTNERING

20.01 *Partnering*

A. **INFORMAL PARTNERING:** It is the DISTRICT's intent to use partnering for this project. Partnering is a structured approach to improve communication between all parties and to facilitate problem solving, conflict avoidance, and issue resolution. The partnering objective is to maximize the effectiveness of each project participant's resources while developing relationships based upon trust, dedication to common goals, and an understanding of each participant's individual expectations and values.

The DISTRICT does not intend to use a formal partnering process for this project. Instead, each team member will utilize the principals of partnering, learned from past experiences, to achieve the specified project objectives. It is anticipated the partnering process will involve occasional meetings of project participants. The type and location of the partnering meetings will be scheduled in conjunction with progress meetings or at other times as mutually agreed to with the DISTRICT.

Partnering is a management technique which would not create

new duties or obligations not otherwise existing in this CONTRACT.

[OR]

B. **FORMAL PARTNERING** - In order to most effectively and efficiently accomplish the work provided for in this contract, the DISTRICT encourages the formation of a cohesive, mutually beneficial partnership with the CONTRACTOR and its subcontractors. The focus of partnering is to build cooperative relationships, avoid or minimize disputes, and actively pursue the attainment of common goals by the contracting parties. Success will be dependent upon teamwork characterized by open and effective communication while adhering to the high professional standards. ARTICLE 27 – DAVIS BACON ACT

27.01 Definition.—"Site of the work"—

(a) Means—

(1) *The primary site of the work.* The physical place or places where the construction called for in the contract will remain when work on it is completed; and

(2) *The secondary site of the work, if any.* Any other site where a significant portion of the building or work is constructed, provided that such site is—

(i) Located in the United States; and

(ii) Established specifically for the performance of the contract or project;

(b) Except as provided in paragraph (c) of this definition, includes any fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, tool yards, etc., provided—

(1) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

(2) They are adjacent or virtually adjacent to the "primary site of the work" as defined in paragraph (a)(2)(i), or the "secondary site of the work" as defined in paragraph (a)(2)(ii) of this definition;

(c) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a Contractor or subcontractor whose locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc., of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids and not on the Project site, are not included in the "site of the work." Such permanent, previously established facilities are not a part of the "site of the work" even if the operations for a period of time may be dedicated exclusively or nearly so, to the performance of a contract.

27.02 (a) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage

determination of the Secretary of Labor which is attached hereto and made a part hereof, or as may be incorporated for a secondary site of the work, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR and such laborers and mechanics. Any wage determination incorporated for a secondary site of the work shall be effective from the first day on which work under the contract was performed at that site and shall be incorporated without any adjustment in contract price or estimated cost. Laborers employed by the CONTRACTOR or construction subcontractor that are transporting portions of the building or work between the secondary site of the work and the primary site of the work shall be paid in accordance with the wage determination applicable to the primary site of the work.

(b) Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (e) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period.

(c) Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed.

(d) The wage determination (including any additional classifications and wage rates conformed under paragraph (c) of this clause) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the primary site of the work and the secondary site of the work, if any, in a prominent and accessible place where it can be easily seen by the workers.

27.03 (a) The DISTRICT shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The DISTRICT shall approve an additional classification and wage rate and fringe benefits therefore only when all the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination.

(2) The classification is utilized in the area by the construction industry.

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

GENERAL TERMS & CONDITIONS

(b) If the CONTRACTOR and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the DISTRICT agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the DISTRICT to the Procurement Bureau. The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the DISTRICT or will notify the DISTRICT within the 30-day period that additional time is necessary.

(c) In the event the CONTRACTOR, the laborers or mechanics to be employed in the classification, or their representatives, and the DISTRICT do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the DISTRICT shall refer the questions, including the views of all interested parties and the recommendation of the DISTRICT, to the Administrator of the Wage and Hour Division within the Employment Standards Administration of the Department of Labor for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the DISTRICT or will notify the DISTRICT within the 30-day period that additional time is necessary.

(d) The wage rate (including fringe benefits, where appropriate) determined pursuant to paragraphs b and c of this clause shall be paid to all workers performing work in the classification under this CONTRACT from the first day on which work is performed in the classification.

27.04 Whenever the minimum wage rate prescribed in the CONTRACT for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the CONTRACTOR shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

27.05 If the CONTRACTOR does not make payments to a trustee or other third person, the CONTRACTOR may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, That the Secretary of Labor has found, upon the written request of the CONTRACTOR, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the CONTRACTOR to set aside in a separate account assets for the meeting of obligations under the plan or program.

ARTICLE 28 – COPELAND ACT

00700-2-45

the event the federal law (including requirements of the Army Corps of Engineers) imposes additional obligations on the Parties.
