

March 5, 2020
BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA
Y20-732 / ADDENDUM # 4
OAK MEADOWS WATER SUPPLY FACILITY WELL HOUSES

Revised Bid Opening Date: ~~March 12, 2020~~ March 17, 2020

This addendum is hereby incorporated into the bid documents of the project referenced above. The following items are clarifications, corrections, additions, deletions and/or revisions to and shall take precedence over the original documents. Underlining indicates additions, deletions are indicated by ~~strikethrough~~.

A. BID OPENING DATE IS CHANGED FROM ~~MARCH 12, 2020~~ TO MARCH 17, 2020 at 2:00pm.

B. CLARIFICATIONS

1. Q: During review of the contract documents for the above referenced project we noticed that the County has now added an electronic copy of the bid form as well, in order to comply with the MWBE requirements for this project we request that either the county reduce the number of required copies to one (1) original and (1) electronic copy or allow the electronic copy to be submitted by close of business on bid day. Due to the last-minute nature of the bidding process combined with the large amount of information required on Attachment C-2 it is extremely hard to complete four copies and an electronic by the deadline given. We earnestly request that the County revisit this requirement.

The City of Orlando has a similar MWBE program with the same amount of information required on bid day, they also require an electronic copy however they only require one original and one hard copy with the electronic copy of the bid form. This is manageable, however one (1) original, three (3) copies and an electronic is not

A: If the Contractor is unable to provide an electronic copy with original hard copy bids to be submitted, they will have 24 hours to provide an electronic copy. There will be no other change to the requirements.

2. The County is in the process of obtaining a flood plain permit. A FEMA Elevation Certificate will be required to as a part of construction closeout. Specification Section 01050 is revised and attached to include this work to be completed by a Florida Registered Surveyor and Mapper.

C. All other terms, conditions, and specifications of the IFB remain unchanged.

D. The Bidder shall acknowledge receipt of this addendum by completing the applicable section in the solicitation or by completion of the acknowledgement

information on the addendum. Either form of acknowledgement must be completed and returned not later than the date and time for receipt of the proposal.
